St. John's O.K.'s Plans

Congregation Gives It's Approval to Build New Sunday School Addition

Less New Housing in Chicagoland This Year Than Last, Reports Show

While new housing construction in Chicagoland shows a decrease for the first five months of 1957 as compared to the same period in 1956, it is still substantially up over 1953, 1954 and 1955, according to figures compiled by Bell Savings and Loan Association.

Bell issues figures on building each month, together with a summary of the preceding months.

More homes were built in the first five months of 1956 than in 1957 but more apartments were built this year than last.

For the first five months of this year 2,462 homes were built in the city of Chicago, as compared to 3,196 in the same period last year. In the suburban towns, 7,776 this year; 11,136 last year. In the unincorporated areas, 2,462 this year—the same number as built in the city of Chicago—3,259 last year.

Number, Value Down

The number of homes built in the area—the report is compiled from figures furnished by 114 suburban towns—and Chicago—in Cook, Will, Kane, Du-

(Continued to page 16)

Fine Five For Traffic Lapses

Five traffic cases, four of them moving violations, were disposed of last Thursday night by Justice of the Peace August Werner, holding court at the Mokena village hall.

Police Magistrate John Balaz who has been in ill health and went to Silver Cross hospital, Joliet, for a check-up, has undergone surgery this week and will not be holding court for a time.

The four moving violations all dealt with running stop signs and each of the offenders was fined \$3 and assessed costs of \$2 each. They were: H. H. Wiese, 11013 Princess st., Chicago; A. C. Bauch, Frankfort; Ray S. Delaney, Rt. 1, New Lenox and Ralph Yunker, 250 East 3rd st., Mokena.

The other defendant, Stanley Bleich, 616 Clement st., Joliet, salesman for a soft drink firm, was fined \$3 and assessed \$2 costs for parking his truck on the wrong side of the street. He had been warned against this practice previously by Officer James Smetana. All of the arrests were made by Smetana.

Hereafter, all court hearings involving village cases, will be held at the village hall.

Alphonse Kohl Estate to Widow

The estate of Alphonse G. Kohl, of Marley, who was killed May 25 when he was struck by a car in Joliet, will go to his widow Alma, who has filed a petition for letters of administration. Mr. Kohl died without leaving a will and according to the petition filed in probate court the estate consists of approximately \$500 in personal property and a claim for wrongful death.

Under the law all of the personal property goes to a surviving spouse when the other dies intestate without leaving a will and there are no children, such as is the case in the Kohl estate.

Any money accruing to the estate thru settlement of the claim for wrongful death would fall into the category of personal property. Incidentally, there is a new law now in force, according to Probate Judge Stewart C. Hutchison, involving distribution of claims paid for wrongful death. It is distributed according to dependency. It would make no difference in the Kohl case, it was said, because the widow was his sole dependent.

Notwithstanding that the estate will go to the widow it is necessary to notify all of the

Plans for erection of an education building as an addition to St. John's church of Mokena were approved by a vote of the congregation at a special meeting held in the church Monday night.

There were some suggestions made for some changes and these will be taken under consideration by the building committee.

The congregation also authorized the church council to appoint a committee to study and present plans for financing the new structure. The committee will be asked to report as soon as possible.

Plans for the new addition provide a complete layout for Sunday school needs, with rooms for a nursery, toddlers, kindergarten and primary; five large work room, parlors and new toilet facilities.

The structure will be 102 by 52 feet, extending to the north of the church. It will be of brick and cement block construction, conforming to the design and appearance of the church.

The church has been growing and present quarters are in adequate to house the Sunday school.

As of Tuesday night, June 27, St. John's became a part of the United Church of Christ. Formal organization of this denomination, created thru the merger of the Evangelical and Reformed church and the Congregational Christian churches, and adoption of its new name was completed at the meeting Tuesday night in Cleveland.

The conference, at Cleveland will be held there. There are 710 delegates in attendance.

The Rev. William J. Riemann, pastor of St. John's, and Mrs. Riemann went to Cleveland Tuesday morning and took part in the meeting that night.

The merger of the two denominations has been under consideration for many years. The Evangelical and Reformed church agreed to it eight years ago. The Congregationalists required a longer time as they voted on the question by individual churches.

St. John's of Mokena will no longer carry Evangelical and Reformed as part of its name when it takes a new one, it was said. The congregation will decide on the name and it is expected that St. John's will remain a part of it.

The Rev. Arthur Talbert, former pastor of the Homer Congregational church and recently head of the church at Huntley, Ill., is also attending the conference at Cleveland. The Rev. Mr. Talbert will fly to London after the Cleveland meeting and then proceed to the Middle East to join an archaeological expedition. He will use his experiences and knowledge gained on this expedition for his thesis for a B. D. degree.

persons who qualify as heirs-at-law. In this instance notice was given to 17 persons besides the widow, three sisters, two brothers, six nephews, five nieces and a grand nephew.

RESULTS OF A HEAD-ON COLLISION—The car shown here, owned by Wayne Hossbach, Frankfort, is somewhat the worse for wear as a result of a crash on U. S. 30, a quarter mile west of U. S. 45 Sunday night. Hossbach and a passenger in another car involved in the accident were injured. (Marvin Smith photo)

Three Residents of Area Suffer Injuries in Traffic Accidents

Three persons in the Mokena area were injured in the past several days as a result of traffic accidents.

A Frankfort resident and two from Mokena were injured but none of them seriously.

The Frankfort resident, Wayne Hossbach, 20, was injured Sunday night about 8 o'clock when his car was struck head on by one driven by James R. Jones, 35, of 170 E. 16th st., Chicago Heights. The collision occurred on U. S. 30, about a quarter mile west of U. S. 45.

Jones was traveling east and rammed the rear of another eastbound car, driven by Herbert E. Kahn, 33, Chicago. The impact caused the Jones car to bounce into the westbound lane and crash head-on into the Hossbach's auto. Mrs. Jones, 35, also suffered injuries and was taken to St. James hospital, Chicago Heights.

State Police Officers Richard Minnick and Max Luttrell gave Jones a ticket on a charge of

(Continued to page 16)

B and M Lumber Co. To Observe 10th "Birthd'y" July 13-14

The B. and M. Lumber Co., of Frankfort, operated by Burton Breidert and Wendell Morrison, will celebrate its 10th anniversary July 13 and 14.

The firm will show a number of model homes, the locations to be announced later. Also at the lumber yard there will be 20 exhibits of building materials, staged by the manufacturers. Representatives of the manufacturers will be on hand to explain the part these materials play in modern building.

A feature of the celebration will be the personal appearance of Walter Durbahn, who appears on TV in Walt's Workshop.

There will be prizes awarded and free gifts made to all those attending B. & M. "birthday" party.

Business has been very good Mr. Breidert reported.

Early Deadline Because of Fourth

Because of the Fourth of July falling on Thursday of next week, this paper will be published a day earlier than customary and because of that all deadlines for next week will be advanced.

As a result Friday of this week will be our "Monday." All correspondents and advertisers are asked to take due notice and govern themselves accordingly.

Fourth is Big Day at Marley

The Fourth of July will be celebrated, again, in this area. As has been the case each year for the past 75, the Marley Brotherhood of the Marley church will sponsor the celebration.

It will be held in the Haley park, next to the church, July 4, starting at 11 a. m. and continue thru the afternoon.

The usual picnic lunch will be on sale, so if any one does not care to pack a lunch, they may get a real good dinner at a reasonable price.

The afternoon program will start at 1:30 with the Rev. Ray Hamer being the speaker. At 2:30 the races, contests, games of skill will begin. There will be prizes for the children. Admission to the park is free and every one is cordially invited to spend the day at Marley and enjoy the event with their friends and neighbors.

Benjamin Harrison was the last bearded president of the United States.

Will Go West On Honeymoon

After a honeymoon in the south and a short visit in Mokena, Donald D. Glyn and his bride, the former Dianne Dezauché, 18, will go to Seattle to make their home.

A pair of collapsible wheel chairs accompany them on their journey. A siege of polio when she was 11 left Dianne with a crippled right leg. A toxic spinal inflammation as a result of virus pneumonia, crippled both of Donald's legs when he was 16.

The couple met at the University of Illinois from where both were graduated June 15. On the next Saturday, June 22, they were married at Opelousas, La., the home of the bride, in the Louisiana Methodist church.

Donald rested on his crutches at the altar while the bride made her way slowly, step by step, down the aisle on the arm of her father.

Both use wheel chairs sparingly. Don drives a special car designed by his former roommate at Illinois, William Huber.

Don is the son of Mr. and Mrs. Albert N. Glyn of 18806, 113th ave., Mokena. Mr. Glyn is a salesman and the family is reported to be preparing to move to Seattle, too, as soon as they dispose of their holdings here.

Don, who received a degree in business economics, has been employed by a Seattle exporting firm.

Congressmen are not required by law to attend any session of Congress.

Open Recreation Program at Park For Children

Marilyn Boleman, of Mokena, who is majoring in physical education at Western Illinois State college where she is a sophomore, is in charge of the summer recreation program at Mokena Community park.

Miss Boleman was appointed as recreational director by the Mokena park board. The program began on Monday of this week, June 24, and will continue through Aug. 16.

Hours for the children are from 9 a. m. to 3:30 in the afternoon.

All youngsters in the community are welcome. Miss Boleman and the park board will welcome assistance from any of the mothers who have time to spend a few hours at the park to aid in the program for the smaller children.

Beginning next week it is planned to map out a schedule of activities for the different age groups.

There are all kinds of ball games available, softball, volleyball, kickball and dodgeball, croquet, badminton, horseshoe, pitching, jumping rope and other forms of recreation.

There are no slides or swings but the park board plans to install such devices as soon as possible.

Miss Boleman spent last summer as junior counselor at a private camp for youngsters and that coupled with her work at school has given her considerable experience in supervising youngsters at play.

The children go to their homes for lunch.

4-H Stock Judging Teams Will Attend School Tomorrow

4-H livestock judging school for state fat stock and dairy teams will be held Friday, June 28 for Will county 4-H'ers. Those 4-H members interested in dairy judging will meet at Meyer Bros. farm, 1/4 mile East of Peotone at 8:00 a.m. Dairy school will include Brown Swiss at Meyer Bros., Guernseys at Melvin Dralle's farm, and Holsteins at Melvin Heisner's.

Those interested in fat stock judging should meet at Lawrence Meyer's, West of Manhattan, at 8:00 a.m. Starting with hogs at Meyer's we will go from there to Frank Coldwater's for market hogs and sows, John Jilek's—Hereford steers, and Harlow Nicholson's—Angus breeding stock and sheep.

These schools should be over by 10:30. The winners go to the state judging contest at Urbana, July 1. Transportation will be arranged for those attending.

St. Michael's Guild Will Hold Fair at Orland Park Sunday

St. Michael's Guild at Orland Park will hold its annual County fair this Sunday, June 30, beginning at 12 noon. The fair will be held in the parish hall and will continue until 10 p. m.

Visitors will have an opportunity to visit the new rectory. It will be the one and only open house conducted there, according to the pastor, the Rev. Frank Coyle.

Thieves Get Truck, Office Equipment In Homer Township

Thieves raided the premises at the Sitton Septic Tank Co. and Cook's Lumber Yard on Route 7, Homer Township last Sunday night.

At the first place they took a 1957 pick-up truck, an adding machine, a check writer and a tool box containing about \$200 worth of tools.

From Cook's, which is next door to the Septic Tank office, they removed and took four tires from a truck and also a power lawn mower.

MAKING HAY—Alvin Kohl who farms east of Mokena has been busy this week baling hay. He has been working on 4 1/4-acre tract and figures it will average about two tons to the acre. (Marvin Smith photo)

New Restaurant to Give Sunday Profits To St. Mary's Church Gets Sufficient Signers to Assure Mausoleum Project

All profits taken in Sunday at the newly opened restaurant operated by Anthony and Mary Consola at Wolf road and Route 6, will be turned into the building fund of St. Mary's church, Mokena.

The fund referred to is not for an addition to the present church but will apply to the indebtedness on that structure.

Eighteen women from the parish will assist the Consolas in the serving of the meals Sunday.

The new restaurant is established in the stone structure on the east side of Wolf road at the junction with U. S. 6.

Mrs. Thelma Perley, Formerly of Mokena Dies in Bethany

Mrs. Thelma Perley, 51, who formerly lived on Wolf road, Mokena, died Saturday in the hospital at Bethany, Ill. She had been ill for several years, having undergone surgery while living in Mokena. She was a member of St. John Evangelical church.

Surviving beside her parents, is a daughter, Mrs. Patricia Spiess, Mokena, two grandchildren, her parents, Mr. and Mrs. Lewis Davis, Bethany, a sister, Mrs. Beulah Mitchell, Finley, Ill., a brother, Lloyd Davis, Arthur, Ill.

Funeral services were held in the Cumberland Presbyterian church at Bethany Monday afternoon.

Open New Eating Place at Mokena . . . on Wolf Road

A new place for sandwiches and soft drinks has been opened operated by Mrs. A. S. Duncan on Wolf road, south of LaPorte road, under the management of Mrs. Faye Beagle.

The building itself 24 by 30-feet is bright inside and out, with a bathing beauty painted on one outside wall. It contains a walk-in refrigerator.

Besides sandwiches and soft drinks, frozen custards and root beer also will be served.

The place will be operated as a drive-in but on a wait-on-yourself basis. Mrs. Beagle, who resides in Mokena, has had 20 years experience in this type of business, it was stated.

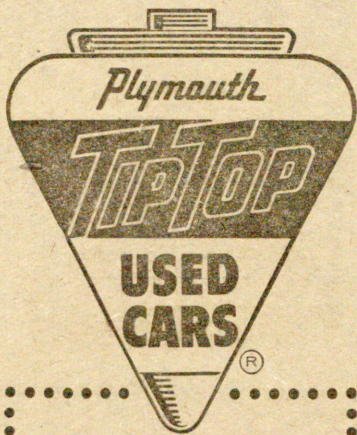

"If at first you don't succeed, try a little harder!"

A sufficient number of subscriptions have been given to assure erection of a mausoleum in St. John cemetery, Mokena, it was announced yesterday by John Lilly, the builder.

The eventual size cannot be determined, Mr. Lilly explained, until the reservations have been closed. Closing date for reservations is tentatively set for July 15.

The Constitution of the United States make no mention of a President's Cabinet.

Jacqueline Darby, Norman Cody Are Married In St. George Church

A lovely summer wedding took place in St. George Catholic church in Tinley Park, recently when Miss Jacqueline Ann Darby, and Norman L. Cody were united in marriage.

The bride is the daughter of Mr. and Mrs. Tom Darby, 16836 Oak Park ave., Tinley Park and the groom is the son of Mr. and Mrs. Louis Cody, 14801 California av., Harvey.

The Rev. Thomas O'Connell officiated at the double ring ceremony. The organist Anne Feldner played the wedding march.

The bride was escorted by her father. She wore a gown of white tulle with rows of lace and carried a bouquet of Amazon lillies and stephanotis with a detachable corsage wristlet of white orchids.

Miss Doris Dini was maid of honor and wore a gown of pink chiffon floor length and carried a bouquet of white carnations with pink baby roses and pink lace ribbons.

The three bridesmaids, Joyce Klein, Janet Darby and Barbara Maurer wore identical gowns of blue chiffon, floor length, and carried blue and white carnations with pink ribbons.

Little Miss Cody, sister of the groom was flower girl. She was dressed in white and carried a pink rose nosegay. A cousin of the bride was the ring bearer.

John Hannegan was best man and ushers were Ronald Springsteen, James Isom, Sonny Stofferahm, Ray Emert and Charles Kordick.

The bride's mother wore a blue lace street length gown with white accessories. The groom's mother wore a beige print dress with a beige duster and white accessories.

Mr. and Mrs. O. R. Halloran, and Mr. and Mrs. M. J. Gini, the brides grandparents were special guests.

The wedding reception was held in the Saenger hall where 350 guests gathered. A buffet supper was served with a four tiered square wedding cake centering the table.

The young couple spent a week's honeymoon at Niagara Falls and are now living in their own apartment at 149th and California Ave., Harvey.

The bride was employed at the Ben Franklin store in Tinley Park and the groom is assistant manager at the National Tea store in Tinley Park.

Violet Bettenhausen, Vernon Doolewerdt Will Wed June 29

Mr. and Mrs. Clarence A. Bettenhausen, announce the approaching marriage of their daughter Violet Evelyn to Mr. Vernon Nelson Doolewerdt, son of Mr. and Mrs. Andrew Doolewerdt, 154th st., Harvey.

The wedding will take place this Saturday evening June 29 at 7 o'clock in the Tinley Park Methodist church. The Rev. Glenn Ames will officiate.

The wedding reception will be held in the Veteran's of Foreign Wars Post 1759, 15146 Wood street, Harvey, Ill.

Violet Bettenhausen has been honored during the past few weeks with a number of bridal showers.

Sunday afternoon, June 2, the Misses Patricia, Roberta and Barbara Bettenhausen entertained in her honor at a miscellaneous shower in the American Legion hall. There were 35 guests present. They presented a blue corsage to the bride to be.

The hall was prettily decorated in blue and white, the bride to be's chosen colors. A sumptuous luncheon was served.

The many useful and beautiful gifts were artistically arranged beneath a decorated umbrella.

On Wednesday evening, June 19, Mrs. Gussie Lumbert and

Mary Ann Buck of Homer Becomes Bride of W.R. Hammond, New Lenox

Miss Mary Ann Buck, daughter of Mr. and Mrs. Blasius Buck Bruce road, Homer township, became the bride of William R. Hammond, son of Mr. and Mrs. James Hammond of New Lenox Saturday evening June 22 at 8 o'clock. The scene of the summer wedding was in the lovely country church in Homer township, with the Rev. Philip Muth officiating, using the double ring ceremony.

Bouquets of white glads and carnations decorated the altar.

A fifteen minute program of appropriate music was rendered by the church organist, Betty Anderson, with Mrs. John Hollister, choir leader, singing "Because," "The Lord's Prayer," and "With This Ring I Thee Wed."

Attending the bride were her sister, Virginia, as maid of honor; Diana Buck, a cousin, and Eleanor Hammond, the groom's sister were bridesmaids. Jay Latolla of Joliet served his friend as best man while Victor Hammond and John Buck were ushers.

The bride wore a gown of white satin with an embroidered nylon lace bodice and full net overskirt. She carried a bouquet

of lillies of the valley centered with a white orchid. The maid of honor wore lavender organdy and the bridesmaids wore yellow organdy. Their bouquets were colonial style of lavender and yellow carnations.

The bride's mother wore a powder blue orlon gown and Mrs. Hammond Jr., wore a pink print chiffon dress.

For the reception which followed, the church dining room was decorated in lavender and yellow. The large wedding cake was served by Mrs. Joseph Buck the bride's aunt. Presiding at the coffee service were the Misses Glenda Schifler and Judy Hutchinson. Miss Joan Cook served the punch. Several Homer women assisted in the serving.

About 100 guests attended the ceremony and reception, among them the bride's grandfather, Sam Canelo of Chicago, and Mr. and Mrs. James Hammond, Sr. of Saybrook.

Following a week's western honeymoon via auto, the young couple will live in an apartment at 204 Eastern ave., Joliet. Mr. Hammond is employed at Sears Roebuck and the bride is a Homer school teacher.

Firemen's Group to Broadcast on WTAQ Saturday, 7:30 P.M.

The Community Firemen's association will sponsor a half hour broadcast on WTAQ, 1300 on the dial, June 29 from 7:30 to 8 pm. History of the Association will be given, what they do for the people and what the people can do for themselves, and to help the firemen.

Antiques Theme Of Tinley Garden Club Speakers

The Tinley Park Garden club had an interesting meeting June 20. It was held in the home of Mrs. Wally Rogers on Harlem ave.

Mrs. Henry Clark of Mokena was in charge of the program and presented Mrs. Ludwig Thiel a lecturer on heirlooms and antiques, of Mokena. Mrs. Thiel displayed many beautiful pieces of glass ware, crockery, linens, pictures etc., as she told of their origin and the history connected with each piece. Many of the articles belonged to her parents and grandparents who lived in Germany. The keen interest shown in the talk and articles by those present indicated the interest that was created in such.

The president, Mrs. Florence Memhard presided at the business session during which time Mrs. Trudie Swisher reported that she and Mrs. Amanda Nielsen delivered 178 magazines to Oak Forest infirmary recently.

Mesdames Memhard, Duff and Mager thanked the club for flowers sent to them when they were ill.

The nominating committee, consisting of Mesdames Mager, Moss and Hug, will report on new officers for the club.

A poem entitled, "To the Garden Club", was read by Mrs. Swisher in honor of their 5th Past Presidents day celebrated in May, and a poem entitled, "After Seventy", was read by Mrs. Memhard.

Strawberry shortcake, cookies candy, nuts and coffee were served by the hostess.

Mrs. Wilbert Mager to Present Pupils In Piano Recital

Mrs. Wilbert Mager, piano instructor at Tinley Park, will present her pupils in a piano recital Friday evening July 12. It will be held in the Bert Fulton public school starting at 7:30.

Those to appear on the program are: Bonita and Tom Rusin, Susie Keuch, Dawn Hartwig, Barbara and Betty Best, Linda and Donita Herre, Karen Klepper, Carol Ann Bettenhausen, Diane Huntley, Kay Hartman and Clara Johnson.

All friends and relatives of those taking part are cordially invited.

Mrs. Phyllis Unzicker honored Miss Bettenhausen with a miscellaneous shower also. It was held in the Lumbert home which was decorated in blue and white. Twenty five guests were present. The honored guest received a blue corsage from the hostesses. The many lovely gifts were placed on a table with blue and white streamers attached.

Walter Bettenhausen's of Frankfort Observe 25th Wedding Anniversary

Seventy-five relatives and friends gathered in the village hall Saturday night to help Mr. and Mrs. Walter Bettenhausen celebrate their 25th wedding anniversary. Mrs. Bettenhausen was presented an orchid corsage by her husband. He had a white carnation boutonniere.

Cards were the evening's diversion with prizes awarded the winners. Allen Walsh of New Lenox played several selections on his accordion and Roger Lehnert played his cornet.

A buffet supper was served with a wedding cake centering the table. Those present came from Chicago, Blue Island, New Lenox, Mokena, Tinley Park, Lincolnwood, Grant Park, Mokena, Green Garden and Peotone.

Congratulations were received by the honored couple via telephone from the Reuben Borms at Boyton Beach, Fla. They also received many lovely gifts and a purse.

Former Tinley Pastor Married

A simple but lovely wedding took place Sunday, June 16 in the First Lutheran church at Blue Island when Miss Myrna Bode, daughter of Mr. and Mrs. Lester Bode of Chamberlain, S. Dak. was united in marriage with the Rev. Norman G. Wente.

The Rev. Mr. Wente is the son of Mr. and Mrs. Arnold Wente of Waterloo, Ia., and served the Tinley Park Zion Lutheran church as an assistant pastor for three months in 1955. While in Tinley he lived with Mr. and Mrs. William Rauch. The Rev. F. E. Schoenbohm officiated at the service.

The bride was lovely in a white floor length gown with a finger tip veil. Her sisters were the attendants and wore identical gowns of light green ballerina length, with matching hats. The groom's brothers were his attendants.

The bride is the former teacher of the sixth grade in the First Lutheran parochial school at Blue Island. Some of her pupils served as ushers and assisted at the reception which followed the ceremony in the church parlors.

They will return from their wedding trip July 1 to Western Springs, Ill., where the groom has been called as pastor of the Lutheran church.

A unique building entirely enclosed with plate glass and encompassing 52,000 square feet of column-free space, is the home of the Institute of Design of Illinois Institute of Technology, Chicago.

Pastor Observes 40th Anniversary Of Ordination

A lovely day and a large number of friends made the 40th anniversary of the ordination of the Rev. Erich G. Bizer, a significant event. A large audience listened to the Dr. William Rest as he brought the message of the day. Rev. Arnold Bizer had charge of the services. The choir directed by the Mr. Arthur Lambrecht, sang "Christian the Morn Breaks," and "The King of Love my Shepherd Is." Beautiful flowers decorated the sanctuary and the church parlors.

At the open house in the afternoon and evening many folks came and visited with the Rev. Bizers. About 20 pastors and their families were present and many lovely friends were in attendance. Around 100 people enjoyed a buffet luncheon between 5 and 7 o'clock.

Robert Bizer of Sycamore was the master of ceremonies at the informal program at 7:30. A group of children sang "Fishers of Men" and Arthur Lambrecht accompanied by Miss Lillian Collins sang "In My Father's House". Various pastors spoke and related experiences of neighborliness, and several from former churches made interesting comments. Raymond, Robert and Arnold Bizer spoke about the life in the parsonage and Mrs. Bizer also added her comments. The program came to a close with a few words by the Rev. Mr. Bizer. Many then looked over the pictures and booklets, enjoyed visiting and refreshments.

All organizations of the church co-operated. The guild had charge of the refreshments in the afternoon. The church board took care of the buffet luncheon and the S. S. workers served refreshments in the evening. The young people had charge of the display and the Brotherhood helped with the ushering.

WATER GUNS may not be lethal, but sometimes their ammunition can be harmful. Not this time, however — both the Burbrooke raincoats have the built-in protection of Syl-mer, the amazing Dow Corning silicone finish. Syl-mer serves as an invisible umbrella to protect fabric from rain and water-borne stains. Also, its water resistance reduces wrinkling and creasing caused by moisture, allowing these coats to hold their shape and press longer. This silicone finish also allows the fabric to "breathe," so air passes freely through the fabric and the wearer stays comfortable.

MOKENA

Mokena 3521-4151

FOR INHALATOR

CALL MOKENA 2121

Mr. and Mrs. Martin Medema, his brother and wife from Muskegon, Mich., returned Sunday from Crystal Falls, Mich., where they spent the past week vacationing. Martin Medema, foreman at the News-Bulletin print shop, was fortunate in being awarded a week's stay at a Chipewake cabin at Crystal Falls, as a prize given at the open house of the Swanberg Farm and Auto Service held this spring. They report the resort, lake and country side, being a beautiful place with good fishing. It is owned by Herman Weicabrodt, Jr., formerly of Frankfort and his partner, Ronald Senesac of Kankakee.

Cecil Ambuehl of Mokena is one of 750 ROTC cadets from all over the United States enrolled in the army engineer school summer camp at Ft. Leonard Wood, Mo. Cecil, a student at Rose Polytechnic institute at Terre Haute, left June 21 with three of his classmates, also of the Chicago area, and is scheduled return home Aug. 2 after an intensive field training program including road and bridge building, river crossing techniques, and various related subjects in addition to the study of weapons and demolitions.

A son was born to Mr. and Mrs. Edward Hentsch, Parker road, in St. Joseph hospital, Joliet, Friday June 21. The baby weighed six pounds, one ounce, and has been named Timothy Edward.

Mr. and Mrs. Philip Hacker and family and Mr. and Mrs. James Marti and family spent the week end at Bass Lake, Ind.

Mr. and Mrs. Duane Knize and family of Chicago, moved June 15 to 18840 Wolf road where they are renting until the home which they are building on East Brightway is completed. Mrs. Knize is attending night school at DePau university in Chicago where she is working for her masters degree in nursing school administration. Mr. Knize is an operating engineer for the George J. Beemsterboer company in Chicago.

David W. Gode, son of Rev. and Mrs. A. W. Gode, has received his bachelor of science degree in education at the Concordia State Teachers' college at Seward, Nebr.

Mrs. James Steward and children and Mrs. Leo Senglin and son Leonard, all of 194th st., returned Monday from a five day vacation trip spent at Lake Sandford, Mich.

Mr. and Mrs. W. A. Muehler

and family returned Friday from a months motor trip through the west. They covered 7000 miles, visiting in Los Angeles, Calif., Las Vegas, Nev., Bryce, Zion and Grand Canyon national parks; Salt Lake and Salt Lake City, where they toured the Mormon tabernacle; Estes Park and Rocky Mountain park where they saw 20 feet of snow. They also visited the Hoover dam, Disneyland and Knott's Berry farm at Los Angeles. They were also guests of her uncle, Mr. and Mrs. Frank Hirsch. They stated their trip was grand but Mokena was good to come back to.

Mr. and Mrs. William Bradley Jr. entertained in their home Sunday, June 16 in honor of their first wedding anniversary. Guests at a 5 o'clock luncheon were Mr. and Mrs. William Bradley, Sr., Mr. and Mrs. John G. Bettenhausen, Mr. and Mrs. Norman Bettenhausen and sons, Mr. and Mrs. Emil T. Bettenhausen, Louise and Alvin all of Tinley Park; also Mr. and Mrs. Glenn Drechsel and sons, Midlothian, Mr. and Mrs. Irwin Staecker and family, Blue Island; Mr. and Mrs. Richard Mason and daughters, Chicago Heights; Mr. and Mrs. Jerome Daugherty and family, Mokena, and Mr. and Mrs. Lester Neashoof and Niles of Winnetka, Ill.

Friends and relatives gathered Sunday afternoon at the home of Mr. and Mrs. Marvin Kohl to help them celebrate their third wedding anniversary. A picnic dinner was served on the lawn. Games and visiting were enjoyed. Guests were her grandmother, Mrs. Fred Younker, her aunt Miss Evelyn Younker and cousins, Mr. and Mrs. William Younker and family all of Peotone; Mr. and Mrs. Vernon Lankenau, Tinley Park; Mr. and Mrs. Lawrence Kohl, Mr. and Mrs. Arthur Buske and Mr. and Mrs. Gilbert Lauffer and family. The honored couple received a number of lovely gifts.

A gathering of the family of Mrs. Durward Fant was enjoyed at their home Sunday.

The Ramon Westlund family who had been staying with her mother, Mrs. Margaret M. Semmler during the illness of Mrs. Westlund, returned to their home Saturday. She is slowly improving.

Mr. and Mrs. Bert Janner and family have returned from a week's vacation spent at Hot Springs, Ark.

Mokena friends of the Rev. and Mrs. Dale Kleinschmidt, former pastor of the Methodist church are glad to know that he has been named by the recent conference, as pastor of the Trinity Methodist church in Joliet. He will preach his first sermon there this Sunday. The Rev. Mr. Kleinschmidt, having completed his studies at the Garrett Biblical Institute at Evanston,

was ordained at the conference. Mr. and Mrs. George Siegle attended a funeral in Milwaukee Saturday of a relative.

Mr. and Mrs. Fred Steinhagen attended the 50th wedding anniversary of his sister, Mr. and Mrs. Frank Bock in Blue Island Sunday.

We are glad to learn that the conditions of Mr. and Mrs. Gene Tomlin have improved so that they have both been able to return to their own home in Frankfort, Ind. Mr. Tomlin was released from the hospital several weeks ago, and Mrs. Tomlin was taken to her home last week. Although not able to walk, she is able to be about in a wheel chair. Her sister, Fay Rueckert is staying with her and helping to care for her.

Mrs. Hilda Geuther and Mrs. Lorna Neuneker, Home Economics teachers at Carl Sandburg high school, are attending the annual meeting of the American Home Economics association at St. Louis, this week.

Michael Derrig, Midland ave., has recovered from a virus infection. His son Mike, 7 years old, also was ill with a virus infection and was a patient in Silver Cross hospital last Saturday and Sunday. He is much improved now.

Home Buyers Sue Builders For \$1,100,000

(CNS) Five Harvey property owners have filed a \$1,100,000 damage suit against three builders and the Village of Harvey.

The three builders, William Rodenburg, Harry Rodenburg, 3344 Ridge Road, and Herman Rodenburg, 321 Calumet, all of Harvey, sold homes to the five property owners who filed the superior court suit.

According to the suit Wesley and Marie Ferris, 16307 S. Union, bought their home on November 15, 1952. B. Carter and Helen F. Welch, 16319 S. Union, bought their home April 19, 1954. George E. and Kathleen Pardee, bought their home at 16325 S. Union on Feb. 1, 1954. Edward T. and Wilma J. Neumann, and Arthur W. and Beverly J. Neumann, bought their home at 16341 Union on Oct. 20, 1956.

Detail Complaints

They bought their homes believing the builders had complied with all building requirements, the suit said, and were told the well, dug to a depth of 1,000 feet also met the health requirements. They were told, the suit said, that because they had their own water and sewage system they would not have to hook up to Harvey water mains.

The suit contends the builders did not meet with building, health, or safety requirements and not only did not dig the well to 1,000 feet, but put the well and the septic tanks so close together the "sewage, filth and other foul matter" has leaked into the water mains, and also soaked into the ground. The smells from the filth have "contaminated and polluted" the dirt and air around the homes, the suit said.

According to the suit the owners complained to the Rodenburgs but were told "We know

THE NEWS-BULLETIN
Mokena, Illinois
Thur. June 27, 1957 Sec. 1 Pg. 12

that the buildings are no good and there is nothing you can do about it."

Says Inspection Incomplete

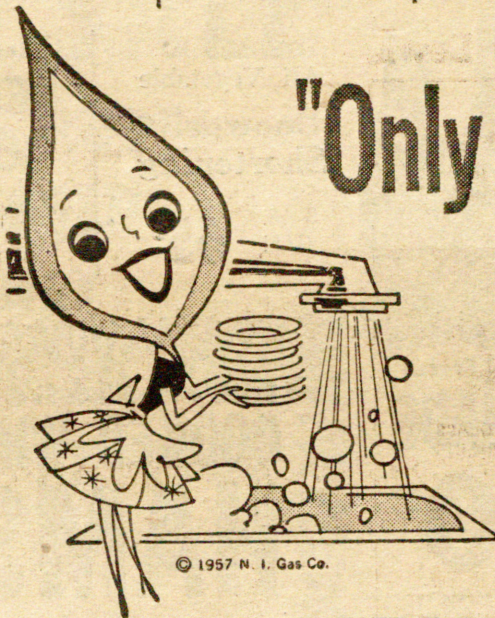

Because the village did not make a complete inspection of the home, "rodents" have been able to get into the buildings and gnaw insulation from the wiring, the suit alleges.

Harvey has sealed off the well the suit said, and refuses to service them because "it has no money to construct water mains to" their homes.

The homeowners ask \$20,000 each from the builders because of the "inferior material used in construction and the poor workmanship in the construction of the homes." They also ask \$200,000 each from the village because the village did not adequately check the construction plans for the homes, sewage and the well.

Floating filling stations bid fair to facilitate future tanker operations. The offshore 'turret' tanker terminals now under construction are designed so that all equipment for mooring, fueling, and providing fresh water for the ship, plus cargo transfer lines, will be available at one buoy. The ship can approach from any direction, and will have complete freedom of movement while being loaded or unloaded. Floating terminals are economy factors in oil transport, and the saving will be passed on to American consumers thru better values in petroleum products.

Penny Flame reminds you:

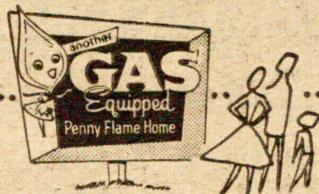

© 1957 N. I. Gas Co.

"Only **GAS**
Heats Water
so Fast...
and for **HALF THE COST!**"

—Gives you such dazzling clean dishes!

Bring on the company... let the dishes stack up. Afterwards, china, silver and glasses are easily done with lots of hot water from your modern GAS water heater. For only GAS heats water so speedily and keeps lots of it coming.

Best of all, GAS will heat all the water you'll use in a week of dishwashing, for just a few pennies... less than half the cost of other fuels! In fact, the savings in operating economy will pay the cost of a modern GAS water heater in about three years.

Looking for a New Home?

Then look for the Penny Flame sign. It's displayed in front of homes that offer gas appliance economy—\$85 savings per year when used in kitchen and laundry alone!

See Penny Flame homes on the MORGAN BEATTY Late News program every Wednesday at 10:10 p.m. on WNBO-TV, Channel 5... Prominent builders feature homes designed to bring you the best in low cost better living.

SERVING YOU BETTER SAVING YOU MORE

Gov. Stratton Main Speaker at Joliet Dinner for Hollingsworth

Republican leaders of Will county fear the demand for tickets to the testimonial dinner for Morton H. Hollingsworth recently appointed Republican National committeeman from Illinois, will exceed available accommodations.

The dinner to be held in the American Legion ballroom at Joliet Wednesday, July 10 and requests for tickets are coming from as far away as Washington, D. C. Requests for tickets have come from dignitaries all over Illinois.

With Gov. William G. Stratton slated to be the principal speaker, the affair is expected to attract Republican leaders from every county in Illinois, said Meade Baltz, general chairman of the dinner. Attendance at the affair is expected to reach the thousand mark.

Invitations have been extended to Republican leaders in the state by C. H. Peterson, chairman of the Will county Republican central committee, and virtually every state office holder has indicated he would be in attendance.

Father Was A Sheriff

Also to be invited are Republican officials in Newport, Vermillion county, Indiana, where Hollingsworth was born and raised and where his father served as sheriff.

Peterson said tickets would be distributed in such a manner so that Republicans in other sections of the state would have

a chance to purchase them. The Will county allotment of tickets will be on a first-come first-served basis, he said.

Now serving as Illinois director of finance, "Holly" was chairman of the GOP state central committee until a few months ago until he became national committeeman.

Hollingsworth has been a Joliet resident since 1930, when he accepted a post as Boy Scout executive for Will and Grundy counties.

Since "Holly" was a boy, he displayed an unusual interest in politics, but on the advice of his parents he studied for a teaching career. After teaching school in Indiana, he accepted his first job in Illinois, that of a scout executive in three down-state counties, with headquarters at Jacksonville.

Hollingsworth's major political career actually began in 1944. When Illinois House Speaker Warren L. Wood entered the Navy, the Will county Republicans sought "Holly" to serve in the legislature while Wood was away. He served the 41st district for one term, relinquishing the post to Wood upon his return from the Navy.

This brief political subbing, however, projected the affable Hollingsworth into the spotlight. His political acumen attracted state-wide attention.

In Cabinet since 1953

Gov. Stratton appointed Holl-

ingsworth state finance director Jan. 12, 1953.

As director of finance, he is an ex-officio member of the Illinois public aid commission, Teachers' college board, commission to study school problems, state employees' retirement system, inter-governmental cooperation commission, state records commission and state employees' housing commission.

Republican leaders all concur that whatever "Holly" undertakes to do, he does it conscientiously.

Since arriving in Joliet 27 years ago, he has been a pillar in community affairs. He devoted much of his time to the YMCA and maintained an active interest in scouting.

A past president of the Joliet Kiwanis Club, "Holly" was also a past lieutenant governor of his Kiwanis district. He was a

valuable member of the Joliet Association of Commerce and devoted worker and worshiper of the Ottawa Street Methodist Church of Joliet, which he served as chairman of the board.

Hollingsworth also served as president of the Joliet Township high school and junior college board of education.

Long before Hollingsworth was projected into state politics, he had made a success in business. In 1934, he joined the Illinois Securities Company, an investment firm, and four years later he purchased the Shreeve Realty Company in Joliet, which he still owns and manages.

From Monday thru Friday, "Holly" attends to the affairs of the state at his Springfield desk; but he spends his week-ends in Joliet, which he declares shall always be his home.

CHOICE ECONOMY CUT

Grant sausage casings are the latest brain-baby or experts whose job is to grind out meaty solutions to oil-transport problems. Plans call for building 'oil sausages' from economical nylon, or other plastic materials. Each floating sausage would be capable of holding some 58,000 barrels of petroleum, and would be pulled to world markets by tug. These unique containers promise to be real 'floating assets'—paying dividends of cheaper products for oil-industry customers.

Tinley Tigers Nose Out Oak Forest 3 to 2

Good Pitching, Clutch Hitting Earn Victory

By DAN ANFIELD

Good pitching and clutch hitting enabled the Tinley Park Tigers to launch their second round of play in the South Suburban baseball league with a 3 to 2 win over Oak Forest.

The game was played at Oak Forest last Sunday and on this coming Sunday the Tigers will travel to Blue Island to meet the Ray Pizzas. The game will be played on the high school field at 127th and Kedzie. Game time will be 2:30 o'clock and the contest is expected to draw a crowd of fans from Tinley.

In the game at Oak Forest Jerry Miller was on the mound for the Tigers and he was in excellent form. His curve was breaking sharp and that plus his fast ball held the Oaks to six scattered hits. Miller fanned nine batsmen in chalking up his first win of the season.

The Oaks threatened in the last of the ninth with the tying and winning runs on base but Miller bore down and left them stranded there. The last man up for the Oaks, Ike Jones, their slugging second baseman, went down swinging to end the contest.

Incidentally the first round of play in the league was won by South Chicago with four wins and one defeat. The South Suburban schedule is divided into three rounds of play. Another win by South Chicago would leave them champions.

Seek Support for Mokena Nines

Baseball is on in full swing at Mokena but crowds have been reported scarce as victories.

In Small Fry competition Mokena has lost three in a row at home, 1 to 0 at the hand of Frankfort; 4 to 3 by Laraway and 10 to 3 by New Lenox.

Weather conditions have raised Ned with the Babe Ruth schedule and the Mokena team has been able to play but two games, both away from home. They lost to New Lenox 3 to 1, despite some excellent pitching by Jerry Haehnlien, and tied Orland Park 3-3. That contest had to be called because of darkness and will be replayed at a later date.

In the game against Orland the Mokena hurler, Erickson, fanned 13.

Those in charge of the baseball program at Mokena are disappointed at the support shown to date and are hopeful for better turnouts hereafter.

Number of students enrolled in higher education in the United States has increased from 50,000 in 1870 to over 3 million in 1957.

Tinley Police Loop Nine Taps Mids 5-2; Robbins Next Stop

Tinley Park police team beat the strong Midlothian Reds Sunday by a score of 5 to 2.

Allen Mager, Tinley Park pitcher again turned in a wonderful performance allowing but two hits and striking out ten.

Leading hitters for Tinley were Harold Coley, with two hits and Joe Lucas who drove in two runs.

Next Sunday the team will travel to Robbins and they would be happy to see their home town rooters at the game, according to a spokesman for the club.

The first oil pipe line was of wood construction, five miles long, and had a capacity of 800 barrels daily.

Tattersall Back in Action At Midget Races

Bob Tattersall, Streator veteran who won the 1956 track championship, will be back in action Saturday night at the midget auto races in Joliet Memorial Stadium.

Tattersall, who cinched the title in August last year, then coasted in from there, represents a serious challenge to Chicago's George Sellery, current leader in the track point standings.

Sellery thus far is having a banner season, with feature race victories in three of the first four racing programs. He captured his third last week-end as Tattersall, making his first appearance of 1957, was forced out of the main event with engine trouble. But the stylish Streator ace had made his mark in preliminary races, winning a heat race and placing second in the handicap, after setting a track record of 19.12 seconds in the time trials.

Tony Saylor of Joliet, who set the old record of 19.34 on Sept. 1, 1956, is among a field of veteran drivers still seeking initial feature victories. Others include Sam Robinson, Roy Shields and Bernie Wilhelm of Joliet, Paul Kerber of Elgin, Don Evans of Springfield, Vic Watson of Mendota and Jack Chapman, Aurora.

Saturday's program starts with time trials at 7:30 p.m. and the first race at 8:30 p.m. There will be four heat races, a handicap, 15 lap semifeature and 25 lap feature.

U. S. Presidents Wilson, Tyler and Cleveland married while in office.

Orland Police League Nine and Babe Ruths Win

The Orland Park police league nine scored its fourth consecutive win by piling up a tremendous score over Markham, 24 to 7.

Orland made its 24 runs on 16 hits and some bobbles by Markham, Dick Searles and Jerry Hosier served as the Orland battery. The battery for Markham was Green and Marx.

The Babe Ruth outfit of Orland is also on a winning streak, its last game having been a 13 to 6 win over Matteson.

Tinley Girls Softball Team Takes Lansing 6-5; Bow to Kankakee 9-6

The Tinley Park girls softball team split last week losing to Kankakee 9 to 6 and beating Lansing 6 to 5.

The Tinleys have now won three games and lost two. There is no softball diamond available at Tinley so the girls have to play their games away from home.

They met the Lansing team at Oak Forest and Tinley had to come from behind to win. The Tinleys were playing as the home team so that when the last of the seventh came up and they found themselves on the small end of a 5-2 count, they settled down to do something about it.

Judy Gray leading off was safe on an error. Sue Balzhiser and Mickey Yunker followed with singles, scoring Judy. Carol Meyer was safe at first on an error. The next batter fanned and then Georgette Zirbes lashed out a double to drive in the winning runs, the final score being 6 to 5.

In the game at Kankakee it was a grand slam homer in the fourth the broke Tinley's dish. The Kankakees had five other runs and Tinley just couldn't catch up. They came up with four runs in the fifth and two more in the seventh for a total of six but six wasn't enough and the final count was Kankakee 9, Tinley 6.

Cards to Hold Tryouts Next Month at Elgin

The St. Louis Cardinals will stage a baseball tryout camp at Wing Park in Elgin, Ill. on July 8 and 9, it was announced today by Farm Director Walter Shannon.

Veteran talent scouts will be on hand each morning at 10 a.m. to eye the young hopefuls. The tryouts are open to all players between 17 and 23.

"This is a big break for the players in the are to show their baseball ability and get a start in professional baseball", commented Shannon, a former player and scout.

"Mind you," continued Shannon, "we don't expect polished players to show up at the Elgin camp, but we're looking for young fellows with definite big league potential. The Cardinals have the baseball know-how and many years of success in developing players into big leaguers. An ambitious, talented player will get every chance with us to make the big time if he has what it takes and really works hard."

Must Bring Equipment

A player must bring his baseball shoes, glove, and a uniform if he has one. All other equipment will be furnished by the St. Louis Cardinals.

"Don't underrate the value of these tryout camps," added Shannon. "We've found some great stars that way. Why, on the Cardinals right now are Ken Boyer, Don Blasingame, and "Vinegar Bend" Mizell. Who knows, a few years from now the baseball world could well

Across The Counter . . .

Last week we received a call from Mrs. Thomas the Welcome Wagon hostess in this area, suggesting that we visit a newcomer whose

automobile policy would soon expire. I visited the Nelsons (not actually their name for obvious reasons) and learned that they had previously lived in Cedar Rapids. Their automobile insurance had an anniversary date of April 1st. I asked them certain questions, preparatory to giving a quotation, and that included a question concerning their present policy limits for Bodily Injury Liability. I was surprised to learn that they didn't know and, in fact, did not understand what I was talking about. I was even more surprised when they handed me their policy and found Bodily Injury limits of \$10,000 per person and \$20,000 per accident.

It developed that they had a relative in Cedar Rapids who, among other things, sold insurance. They relied upon him to take care of their needs, and this was the way their policy was renewed for the past five years. A considerable length of time was spent with the Nelsons explaining limits of liability, Medical Payments coverage, and other features they should know about an automobile policy. This will be the subject of future articles in this column.

Needless to say, our new friends will have a policy with limits many times what they had. The difference in cost—\$3.67 a year.

Buy a policy for protection—Make sure you have exactly that—see

Blue Island
Adv. FU 3-0896

be talking about a player who got his start at the Elgin camp. That's one of the things that makes this game so interesting."

Expense incidental to attending the camp will be refunded to a player signed to a contract with one of the Cardinal-operated clubs.

To take part in the tryouts an American Legion player must have a letter of approval from either his Legion coach or Post commander.

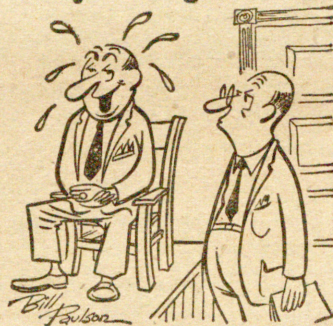

144 Will County Cows Qualify for Butterfat Club

J. G. Cash, extension dairy specialist at the University of Illinois, announced today that 144 Will county cows qualified for the 1956 Illinois 500-Pound Butterfat Cow club.

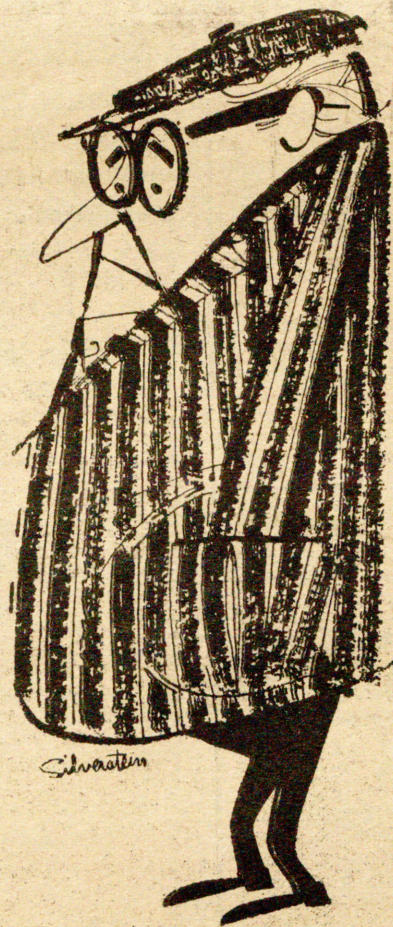

The cows were owned by 32 county dairymen who are members of the Dairy Herd Improvement Association.

Will County Farm Adviser,

My Neighbors

"On that question of 'borrowing' the union's money, I'll take the 5th, 6th, 7th—and any other amendment that's around!"

Our sad-faced friend is Bill McGoo, Who thought he'd bought a car brand-new; And while he got a "special deal" His disappointment he can't conceal! While others drive in Swept-Wing style Poor Bill just mutters curses vile: "They got new styling, features, too—" "I bought a 'deal'—boo-hoo, boo-hoo!"

Moral: Yesterday's looks and features are no bargain at any price!

No car is a bargain if it's obsolete in styling and engineering features. And the Swept-Wing Dodge actually *obsoletes* other cars in its field with its low, low look of tomorrow and revolutionary advances like Torsion-Aire Ride, Push-Button TorqueFlite and Total-Contact Brakes. So don't get "bargain-talked" into yesterday's styling and features. The *same money* buys the car that's years ahead. See your Dodge dealer. Join the swing to the Swept-Wing Dodge.

This is the 34th year of the 500-Pound club. It was organized in 1923 to encourage good dairy practices and to focus attention on high-producing cows and herds in Illinois. Cows qualify automatically if they produce 500 or more pounds of butterfat in a 305-day lactation period or less and are reported by dairy herd improvement association supervisors.

A HAPPY OCCASION was the groundbreaking ceremonies held on the site of the new church for St. Jude's parish at New Lenox. Principals at the affair shown here (l to r) are the Rev. Denis Hall, O.F.M., pastor of St. Jude's, Ivan Archibald and Frank Romeo, the man with his hands on the shovel. Archibald and Romeo as representatives of the laity of the parish. This trio turned the first shovelfuls of earth to signal beginning of construction. (Winke Studio photo)

Farm Values Triple Since '40, Records Show

By L. H. SIMERL
(Dept. of Agriculture)

Prices of farmland rose sharply during the year ending in March. The average price in Illinois went up 8 percent, and the average United States price went up 7 percent. These increases were among the largest on record. Though some gray heads insist that land values are too high, there is as yet no sign that the price rise has ended.

Illinois farmland prices are slightly more than three times as high now as they were in 1940, before World War II. The USDA reported the average value in March at \$260 an acre.

The official averages are often alleged to be inflated by including sales of farmland for non-farm uses. On the other hand, many Illinois farmers who want to buy farmland will wonder how the statisticians got such a low average price for the state.

Biggest reason for the 210 percent increase in land values since 1940 is the deterioration

of the dollar. Today's dollar may look the same as that of 1940, but that is an optical illusion. Compared with 1940, today's dollar buys just half as much goods and services for the family. In the factory, a worker will give less than one-third as much work for a dollar as in 1940. The deterioration of the dollar may continue, though there is no assurance that it will do so.

Wages Up Same Amount

Curiously enough, Illinois land values and factory hourly wage rates have increased by the same amount, 210 percent, since 1940.

Some folk say that farmland at present prices does not or cannot produce a profit. Such statements imply that people who buy farmland either do not expect to make a profit from it or that they do not know enough to invest their money profitably. It is our opinion that neither implication is true for most purchasers of farmland.

It is true that some farms are unprofitable. On the other hand, the earnings of similar farms vary widely in the same community. While some farms lose money, others make good profits. The profits pile up and are often used to buy farmland.

Farm price support programs have helped to boost land values. Many farmers believe that these programs raise farm income, and therefore they have raised their offering prices for farmland.

Eye Federal Spending

The latest major farm program, the soil bank, has added some strength to the land market. This added strength has been in the areas where farmer participation has been greatest. These areas include Minnesota and the Dakotas, the southern plains, where drouth has been severe in recent years, and the southeastern states. In general prices of the less productive land have received more support from the soil bank program than prices of the better land.

If land is now substantially overvalued as a result of farm programs, purchasers may suffer in later years. There is growing public concern about federal spending some \$4 billion annually for farm price support programs that do not seem to solve any problems. Thus any purchaser of farmland at this time assumes a risk that Congress will trim federal farm programs and that farm income and land values will be restricted accordingly.

Out of the 27 industries that have stock listed on the New York Exchange today, petroleum ranks second in the line-up of securities which pay the highest dividends to investors.

U. S. Chamber of Commerce reports the oil industry pays the highest average yearly salary—\$5,259. After petroleum, the four highest annual average salaries listed were machinery, printing and publishing, transportation equipment, and primary materials.

Girard Case Stirs Cong. Mason; Opposes Trial in Japanese Court

By Cong. N. M. MASON
(June 4, 1957—From the Congressional Record)
Mr. Mason: Mr. Chairman, I take this time to notify the Committee that the Army today issued a news release—which the ticker tape says was agreed to by the Republican leaders at the White House at the last conference—to the effect that William Girard from Ottawa, Illinois, who killed a Japanese woman while he was on duty, is to be turned over to the Japanese for trial. In view of the fact that the international situation is tense, following the Formosa riots, we now propose to give up our sovereignty and turn this boy over to the Japanese to try, in order to prevent or head off another international incident such as the Formosa riots. Is that what our American soldiers can expect in the future? Are we to forget principle and be guided in the future by appeasement even if it means sacrificing our own boys?

(June 5, 1957—Radio Statement over WGN by Congressman N. M. Mason)
In the settlement of the Girard case PRINCIPLE has been sacrificed in behalf of APPEASEMENT. Evidently the Administration anticipated a riot in Japan similar to the Formosa riot. In the Formosa case the American soldier was tried by a U. S. Military Court and was cleared of all blame. In the Girard case the same thing would probably have happened.
The ticker tape yesterday stated that the Republican leaders at a White House conference agreed to the decision to sacrifice Girard. I emphatically disagree with that decision. The

President himself at that conference gave the final word. Therefore, the blame for the decision to sacrifice principle in the interest of appeasement must rest upon his shoulders.
The Defense Department's news release of yesterday said, in substance: "We are turning this boy over not because it is right, nor yet because it is required by our agreements, but rather because we desire to avoid any criticism or unpleasant reaction from our Japanese Allies."
Senator Ives' Theory of Taxation
Senator Ives (R-N.Y.) in defending the President's 11 per cent budget mark-up in Federal spending said that critics of the \$71.8 billion budget fail to take into account that the gross income has gone up 12½ per cent. Senator Ives is suggesting that every time the taxpayer increases his income by effort, then the Federal Government should increase his tax. In essence, this theory of taxation means, "The more they make, the more we take"—the philosophy of the present Administration.

We fervently hope that the majority of our U. S. Senators will not go along with Senator Ives.
The Federal Civilian Payroll
The report of Senator Byrd's "Committee for the Reduction of Nonessential Federal Expenditures" for March, 1957, shows the following:
Total number of civilian employees 2,664,656
Cost of March payroll in dollars \$1,006,000,000
This is the highest number of civilian employees the Federal Government has ever had on its rolls during any peace-

taxes amounting to \$425—or a total of \$455. Today a married man with a wife and two children earning \$3,600 per year must pay a Federal income tax of \$200 and hidden taxes amounting to \$625—or a total tax of \$825.

More than 37 billion barrels of oil have been produced over the years 1933 to 1955; yet during this same period, the nation's proved reserves have risen from 12 billion barrels to more than 30 billion barrels.

time month, and the highest number of dollars ever paid out in one month by the Federal Government in any peacetime month. It will mean a \$12 billion payroll for the year if kept up on the present basis. In 1937—twenty years ago—the YEARLY PAYROLL was \$1.5 billion.

Interesting Tax Comparisons

In 1940 a single man earning \$3,600 per year paid a Federal income tax of \$120 and hidden taxes amounting to \$368—or a total of \$488. Today a single man earning \$3,600 per year must pay a Federal income tax of \$592 and hidden taxes amounting to \$490—or a total of \$1,082.

In 1940 a married man with wife and two children earning \$3,600 per year had to pay a Federal tax of \$30 and hidden

EDITORIAL

THERE'S NO FREE MONEY

Just remember that big bud-
get in the making at Washington
is going to cost you money.

The entire amount, whatever
it may be, must come from the
taxpayers. There isn't any place
else for it to come from—it
doesn't fall out of the sky. It
doesn't sprout in woods or fields
nor has anyone found the Little
People or the Good Fairies pil-
ling up the pelf at the U. S.
Treasury, altho from the way
some of the agencies spends the
stuff one wonders just what
their ideas are on the subject.

No, there is but one source
for the money that flows into
the government's coffers - the
pocketbooks of the individual,
business or industry. But some-
thing happens to the dollars
when they get to Washington.
Apparently some one talented
in magic -- with or without wand
waves his hands, says, Abbrada-
cabra! Presto, change! and what
was your money, has become
the sole property of bureaus and
agencies. But there is also ano-
ther change in the stuff in some
miraculous manner it has be-
come free money.

People with pet projects say,
"Let's get this done and have
the government pay for it, then
it won't cost us anything."

The only trouble with that
sort of toll is that it is all wrong;
it costs plenty, and there is an-
other thing. When the federal
government or the state govern-
ment spends money on local
projects the local people have
little if anything to say about
it, then or later.

The bureaus or agencies thru
which the funds are obtained
lay down the rules and regula-
tions, like the kid who owns the

only ball and bat available in a
neighborhood, and declares that
he intends to pitch. You know

Just recently the federal and
state highway engineers indica-
ted that an east and west road
would skirt Tinley Park, smack
thru the middle of a private air-
port thru which the owner earns
his livelihood. The airport own-
er has protested but his pro-
tests have fallen on deaf ears.
It is possible, of course, that the
route may be changed but if it
is it will not be because of the
protest of the airport owner.
Bureaucrats do not approve of
individuals.

This same highway, which
would pass to the north of Mo-
kena and New Lenox, would
then swing to the south and pass
thru the south side of Joliet,
crossing the Illinois Waterway
on a high level bridge in the
vicinity of McDonough street.

Joliet wants a high level
bridge, and needs one, but not
at that location. The bridge pro-
posed by the federal and state
engineers would be of no use in
eliminating traffic congestion
that now results when the lift
bridges spanning the waterway
are open. It would be of no use
for the simple fact that it would
be inaccessible to local traffic for
all practical purposes.

The bridge, as planned would
begin several miles east of Jo-
liet and pass over the south side
of the city and result in millions
of dollars of loss in property
values.

There are some people in Jo-
liet who would accept it because
they think it is free.

Mayor James Hennessy of Jo-
liet is opposed to the govern-
ment's plan. It is hoped that his
protests will be heeded. Perhaps
if he protests long enough and
loud enough and is lucky enough
the engineers will get mad and
take their bridge someplace else.

Letters to the Editor

WE THANK YOU

Dear Editor:

A very special thank you is in
order to Mrs. Margaret Semmler
and her staff for all the accept-
ances of St. Michael's Guilds ar-
ticles sent to them for the Or-
land Park Herald. Without the
wonderful publicity received of
the Orland paper many of the
Guild's affairs may have gone
unnoticed.

As I hand my typewriter over
to the new publicity chairman,
I'm sure she will find as many

new friends and wonderful peo-
ple to work with as I have.

Sincerely,

Mrs. George Jedlicka
St. Michael's Guild
Ex Publicity chairman

NOTICE TO CONTRACTORS

For work to be constructed in
the Village of Tinley Park, Illi-
nois.

1. Time and place of opening
bids. Sealed proposals for the
improvements herein described
will be received at the office of
the Village Clerk of Tinley Park,
Cook County, Illinois, Municipal
Building, 6825 West 173rd Pl. un-
til 8:30 o'clock P. M. (Central
Daylight Saving Time) July 8,
1957, and at that time publicly
opened and read.

2. Description of Work:

(a) Certain streets in the Vil-
lage of Tinley Park having a bi-
tuminous treatment surface
course are to be repaired by the
"Hot Patch" method.

(b) Certain streets in the Vil-

lage of Tinley Park having a
gravel or crushed stone surface
are to be repaired by scarifying,
blading and graveling.

3. Instructions to Bidders:

(a) Specifications and Village
Maps indicating streets to be im-
proved may be obtained at the
office of the Village Clerk free
of charge.

4. Rejection of Bids. The Pres-
ident and Board of Trustees re-
serves the right to reject any or
all proposals and to waive tech-
nicalities.

By order of the President and
Board of Trustees of the Village
of Tinley Park this 21st day of
June, 1957.

Grain Crop**

Be prepared for the busy mowing and harvesting days just ahead... get a supply of new, quality IH mower and combine guards.

These guards are heavy-duty, long-wearing. They're built right to wear longer, cut cleaner! Call us and we'll drop off the guards you need when we're out your way.

Check your other McCormick hay machine and combine service needs too—knife sections, ledger plates, wear plates, knife clips, knife heads, pitmans, rake teeth, canvases, aprons, grass boards, V-belts, chains. Also give us a call for a complete IH 5-Star Service overhaul for any of your haying and harvesting machines.

Favorite for all-around mowing.
Clean-cutting, heavy duty, long wearing. Tight, close fit. Stays in alignment. Resists breakage.

Stub guard. Durable. Ideal for clean fast mowing of heavy weeds, light brush, pea vines. No-lip construction prevents clogging.

Triple guard for McCormick harvester-threshers. Strong. Clean-cutting. Made of quality malleable iron. Perfect fit on cutter bar.

See us for... **IH 5-STAR SERVICE**

Special on Guards
Set of (quantity)
No. M-2041, the heavy-duty guard with the square base. It's our best seller!

TINLEY PARK

LESS NEW HOUSING—

(Continued from page 1)
Page and Lake counties—totals 12,707 for this year as compared to 17,591 last year.

The dollar value is \$197,593, 590 this year as compared to \$262,463,960 for the first five months of 1956.

Last year in the first five months 2,440 apartments were built in Chicago, 900 in suburban towns, and six in unincorporated areas. In the same period this year 3,254 apartments were built in Chicago, 1,110 in the suburbs and none in unincorporated areas.

In May of this year the total number of housing units built in Chicagoland was 4,310, costing \$60,364,905 as compared to 4,630 units costing \$68,733,095 in May of 1956.

In Tinley Park this May, five homes were started costing \$59,000 as compared to four homes for \$44,800 in May, 1956. In Blue Island three permits were issued in May 1957 for homes costing \$56,000 as opposed to 13 in May of last year with a dollar value of \$260,200.

Some Comparisons

Chicago Heights had more home building this May than last, 85 units as compared to 50. The value of the 85 homes was placed at \$822,000.

Park Forest reported one home for \$19,000 as the extent of the building there in May, 1956; this May there were 41 homes costing \$545,000.

Midlothian reported three building permits for homes this May, with a value of \$41,750; last year there were seven homes with a valuation of \$79,500.

Markham also reported three permits for this May with a valuation of \$31,000 as compared to 62 in May, 1956, with a cost of \$614,000.

Homewood issued six permits for May 1957 with a valuation of \$94,004; five in 1956 costing \$75,750.

Joliet reported 38 permits for May, this year—\$583,000—as compared to 24 homes in May, 1956, for \$330,000.

Matteson reported two homes last month costing \$39,000. There were none in May of last year.

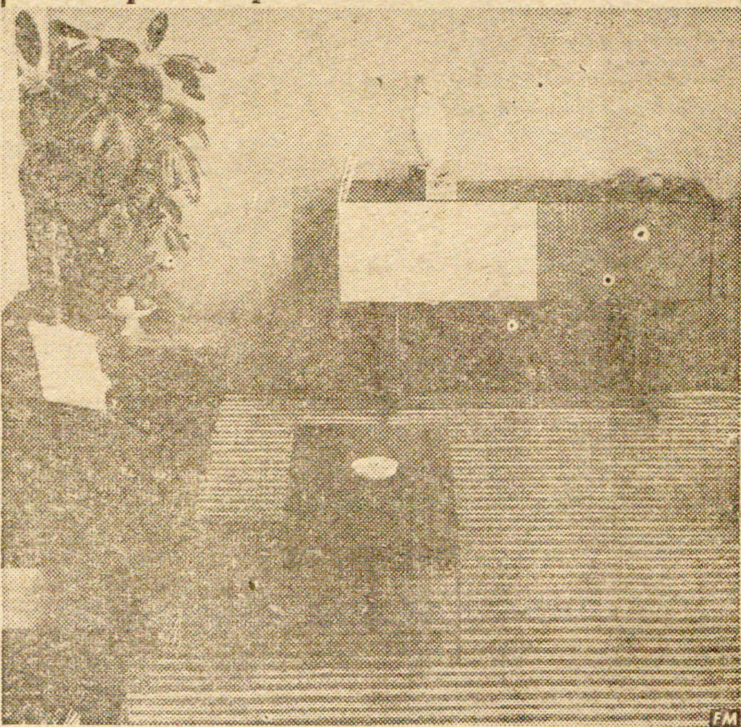

Reports from Lockport began this year and the number of homes started in May were five, costing \$81,000.

THREE RESIDENTS—

(Continued from page 1)
driving too fast for conditions.

Timothy Noodwang, 19, of Wolf road, Mokena, suffered injuries to his neck, back and left knee Tuesday night at Chicago when his car was struck from the rear by a semi-trailer. Noodwang, who is attending butchers

Carpet Stripes Set Decorator Trend

STRIPED CARPET FOR MODERNS brings a dramatic new look to the home. Bigelow's "Regimental" pioneers the newest trend with an advanced tweed-texture that fits the average budget. New Staylux yarns give it colorfast advantages. If needed, you can do tricks with it too—make a squat room seem longer, a narrow room seem wider. "Regimental" sells in stores for about \$8.50 a sq. yd. (about 95¢ sq. ft.)

school at Chicago was enroute home when the accident occurred. He had stopped for a traffic signal at 43rd and Archer and was still halted when his car was hit.

The other accident victim is Kenneth Lorenz, 14, of 237 division st., Mokena. He suffered injuries to his right hand and arm yesterday morning a little after 9 o'clock when struck by a car while riding his bike on Wolf road. The accident occurred about half a mile south of the village.

According to the information given Mokena authorities, Kenneth was riding south on the west side of the street. He glanced over his shoulder and saw a car behind him. The boy swerved and his wheels skidded on the wet pavement causing him to veer in front of the car. The car, driven by Thomas J. Joyce, 27, of 5942 S. Spaulding ave., Chicago, was traveling slowly it was said. Kenneth was knocked off the bicycle and the back wheel was caved in.

4 Seek Rezoning Of Farm Land In Worth for Business

(CNS)—The area of 127th St., and Harlem av., in Worth town-ship will mushroom as a business district if rezoning peti-

tions filed this week are approved by the county board.

Four cases, all represented by Atty. Ben G. Ottenhoff, were instituted.

One involves a petition from Samuel Van Bruggen, 7101 W. 127th St., Palos Heights, for three acres on the south side of 127th st., about 300 feet east of

MODERN MIRACLE

Secret's In The Spiral

Beauty is more than perfect features and a well-proportioned figure. Real beauty begins with basic good-grooming. There are many unseen aspects that the truly well-groomed woman must consider to insure her appeal.

One of the latest of many new, revolutionary developments in beauty and good-grooming preparations which provides all-important protection is Stopette Flowing Cream Deodorant. Its magic dome applicator is really a modern miracle secret.

Top of the sleek white and gold magic dome applicator has a tiny opening; the bottom, a swivel base. One twist of the base and Stopette Cream Deodorant flows in spiral form from the opening, and automatically stops at just the right amount for one application. It is the only cream deodorant your fingers never touch.

The miracle of application itself is revealed as the magic dome applicator swirls the spiral of creamy, white deodorant evenly, rapidly, neatly and easily into the skin. Only one spiral covers the entire underarm area, giving greater protection, and more effective action than a heavy layer of ordinary deodorant cream. It dries instantly, doesn't cake, and contains no greases, waxes or oils to prevent the preparation from drying.

Stopette eliminates stickiness and greasiness, provides 24-hour protection. A completely unique deodorant and anti-perspirant, it

is so gentle it prevents chapping. Safe for fabrics, it soothes and comforts the skin, and contains skin emollients that make it cosmetically beneficial. It has the cooling, refreshing qualities of a cologne.

Harlem. All want farm zones changed to business use.

Another application was submitted for Albert F. Deak, 129th st., and Harlem, Palos Heights, for 2 acres on the east side of Harlem about 807 feet south of 127th street.

Jacob Schuringa, 12801 S. Harlem av., Palos Heights, filed for 1 1/4 acres on the east side of Harlem about 507 feet south of 127th st.

Hybo Schuringa, 7001 W. 127th st., wants the same for 2 acres on the east side of Harlem about 300 feet south of 127th st.

Medical Milestones

New Fashions in Hospital Care

Hospitals are big business today.

The 8,000 hospitals in America make up our fifth largest industry. But a hospital's business is people — its profits are measured in lives saved and bodies restored to health, not in dollars and cents.

A hospital turns its "profit" by serving the members of its community more efficiently and humanely. Mountsinde Hospital, Montclair, N.J., is a fine example of a hospital showing a big "profit." In addition to its regular services, this 813-bed community hospital is constantly adding new facilities for the better care and comfort of its patients.

Here are some of them:

- Routine chest x-ray given each patient admitted.
- Bone, blood, and blood vessel banks and supplies of mother's milk immediately available. Mountsinde is a member of the New York eye bank as well.
- Home-care service which brings the hospital into patients' homes. Beds, wheel chairs, special equipment are made available — doctors' and nurses' visits are arranged.
- Utilization of new techniques for performing necessary routines. The enema, an old stand-by, shows up in modern dress — in a disposable plastic bottle. The streamlined Fleet enema frees the nurse for more bedside care; it takes less than two minutes in contrast to 15 minutes in bygone days.
- A poison-control program for on-the-spot treatment of chil-

dren who have accidentally swallowed chemical compounds, drugs or household agents.

- A psychiatric service to speed the patient's recovery by helping him adjust to his illness and understand the treatment.

Hospitals throughout America are broadening their horizons in the same way as Mountsinde. But a hospital is only as good as its staff and the people who support it. Each year one out of six people becomes a hospital patient. Getting behind the community hospital is the best kind of health insurance for a man and his family.

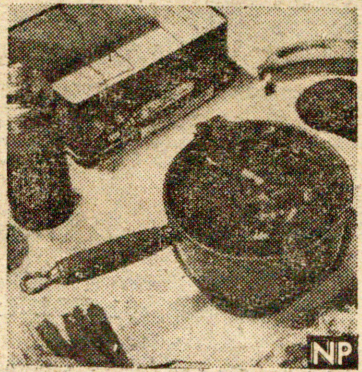

LUNCH BOX

VARIETY AND IMAGINATION

If your child must eat out of a lunchbox each school day, make its contents appetizing and nutritious. Packing nourishment into a lunchbox requires planning and imagination. A thermos of hot soup, sandwiches, fresh fruit, cookies and beverage is fundamentally the pattern you work with.

With one of today's food favorites—packaged soup mixes—it is possible to provide a flavorsome hot treat every day. It can be prepared in a few minutes in the morning just by adding the contents of the foil package to boiling water and cooking it about 10 minutes. In this way you can provide nourishing soup like beef vegetable with noodles, chicken with noodles, tomato vegetable, and green pea soup, for the warm mainstay that a good lunch requires.

Sandwiches are always popular with youngsters but when they're a steady diet give them lots of variety. There are numerous prepared spreads—meat, chicken, fish, cheese. If you serve an old favorite like peanut butter, add crumbled, cooked bacon to it, or some raisins. And when making sandwiches use different kinds of bread and rolls. Don't use only white and rye bread but alternate with pumpkin and nut bread, corn muffins and hamburger rolls. For salad tid-bits try crisp

carrot sticks, celery stalks, and radishes. For something a little different pack a "sandwich" made of fish sticks in hot dog rolls or tuck a fried chicken drumstick into the lunchbox.

For youngsters who crave variety, this sort of menu-planning will pay big dividends.

Reduce Number Of Biting Kind Of Mosquitoes

Village officials and civic leaders of Tinley Park have received copies of the second annual report of the South Cook county mosquito abatement district as part of the district's continuous program of public information. Any interested resident may receive a copy thru the district office, 308 W. 147th Street, Posen, Fulton 8-1290.

The report covers 1956, the second year of the district's operations. It emphasizes the entomological services of the district as "the eyes and ears" of the program. Thru pictures, graphs, tables and explanatory text, an effort is made to acquaint District residents with the need for entomological services in modern mosquito abatement, what this branch of the district does, and why.

According to the report, a comparison between the first and second year's of the district's work, shows a substantial drop in adult female mosquito activity in 1956. Only female mosquitoes bite. This information is derived from collections of mosquitoes made nightly thruout the district's 22 strategically located light traps.

The various tables in the report show the results of the District's source inspection records for 1956, the results of pre-hatching treatments laid down over 297 known mosquito producing sites during the winter months, the permanent elimination of 362 acres of mosquito producing land through engineering techniques, and the result of the catch basin survey begun last year in incorporated areas.

Following a discussion of the entomological services of the district, other items covered are field operations, public information, cooperative relationships and finally, an account of the

Sen. Kennedy Pays Tribute To John Adams

By SEN. JOHN F. KENNEDY
Author of "Profiles of Courage"

(Paulist Feature Service)
Historians have always thought it appropriate that John Adams, the patriot President, should have died on the 4th of July just 131 years ago today. For he is closely associated in our minds with all the events that led to that first Independence Day—including all the history making events which took place in and around Boston such as the Boston Massacre.

Actually John Adams was not one of the patriot leaders inciting the anti-British passions inflamed by the Boston Massacre—on the contrary, in the trial that followed he was counsel for the defense!

John Adams, on that night of March 5, 1770, when an abusive and disorderly mob on State street in Boston was rashly fired upon by British sentries, was already a leader in the protests against British indifference to colonist grievances. Never the less, when asked to serve as counsel for the accused soldiers, he did not hesitate to accept; and he acquitted his clients of the murder charge on grounds that there was no evidence to show that the firing was malicious and without provocation. For, as he told the jury:

"Whatever may be our wishes, our inclinations, or the dictates of our passions, they cannot al-

expenditures for 1956 and the annual inventory findings.

Altho expenditures were somewhat higher in the second year than in the first (the increase is largely in salaries and wages) the tax rate for the district remained the same 22c per \$1000 assessed valuation.

ter the state of facts and evidence. The law will not bend to the uncertain wishes, imagination and wanton tempers of men . . .

Gentlemen of the Jury—I am for the prisoners at the bar; and shall apologize for it only in the words of the Marquis Beccaria: 'If I can be but the instrument of preserving one life, his blessings and tears shall be sufficient consolation to me for the contempt of mankind.'"

Is this stand of John Adams, so unpopular among the colonists at the time, one we should forget about as we celebrate their struggle on this 4th of July? On the contrary, it demonstrates the kind of courage and conscience that has made this country great. For the lasting success and growth of a democracy require more than automatically following the 'consent of the governed'—so ringingly declared on July 4, 1776.

They require also, that we have leaders willing to put the right, as their God-given conscience enables them to see the right, ahead of 'popular suspicious' and the 'dictates of our passions.'

John Adams in 1770 set a high example of political courage for all to follow—and on this 182nd Independence Day, we Americans may be grateful that he did.

Begin Judging Models in 'Dream' Car Competition

Judging began Monday in Detroit of approximately 2000 "dream" model cars entered in the 1957 Fisher Body Craftsman's Guild model car competition.

At stake is \$115,000 in cash awards and university scholarships.

Judges are members of the General Motors styling section.

industrial arts instructors from Detroit public schools, and representatives from the Guild's technical department.

Points on which the miniature automobiles are scored are divided among scale fidelity, workmanship, painting, originality of design, artistic merit of design and practicability.

Judging will continue until all models have been inspected and scored and the state and regional winners will be announced early in July. The 40 regional winners will come to Detroit, expense-free, from July 30 - Aug. 2 for the annual Guild convention and testimonial banquet where the national scholarship winners are announced.

Eight scholarships, two each in the amounts of \$5,000, \$4,000, awards to be given to the four \$3,000 and \$2,000 are the top best model car builders in the junior (12 thru 15 years old) and senior (16 thru 19 years old) age divisions.

Ten additional \$1,000 scholarships will be awarded on the basis of styling merits to boys showing unusual designing abilities.

State awards in each age division are \$150 for first, \$100 for second, \$50 for third and \$25

THE NEWS-BULLETIN
Mokena, Illinois
Thu. June 27, 1957 Sec. 2 Pg. 1

for honorable mention. The first place winners in each state will compete against the winners from the other state or states in their region for the regional awards, which are the convention trips.

Sons of General Motors employees are eligible to enter the competition. In the event any of them are among the winners, they are given duplicate awards so that all original awards offered will go to non-GM boys.

President of the Craftsman's Guild is James E. Goodman, vice-president of GM and general manager of the Fisher Body Division.

The Federal Civil Defense Administration has disaster relief materials and equipment stock-piled in 43 medical warehouses and 32 engineering storage sites in the continental United States.

Wash white cotton gloves as soon as possible after each wearing. Dirt becomes more difficult to remove the longer it is left in the gloves.

Legal Notice

CERTIFIED COPY OF RESOLUTION OF BOARD OF DIRECTORS OF MOKENA STATE BANK

I hereby certify that I am the Cashier of the Mokena State Bank, a banking corporation, and that the following is a true and correct copy of a resolution duly adopted at a regular meeting of the Board of Directors of said Corporation, held in accordance with law and the by-laws of said Corporation on the 8th day of May, 1957, at which said meeting a majority and quorum of the board of directors of said corporation was present, and that said resolution was adopted by an affirmative vote of the whole board of directors of said corporation, to-wit:

Resolved, that the Board of Directors of the Mokena State Bank, a banking corporation,

hereby declare that starting July 1, 1957, the banking hours of said Corporation will be as follows: Monday, Tuesday, Thursday, 8:30 a.m. to 3 p.m.; Friday, 8:30 a.m. to 3 p.m., and 5:30 p.m. to 8 p.m.; and Saturday, 8:30 a.m. to 12 noon. The bank will be closed on Wednesdays, with the exception of a week in which another legal banking holiday occurs, then the legal banking holiday will be observed and the bank will be open on Wednesday from 8:30 a.m. to 3 p.m.

Further resolved, that the Cashier of this Corporation be and he is hereby authorized to record a Certified Copy of this resolution with the Recorder of Deeds of Will County, and publish a copy of this resolution in the local newspaper for three successive weeks.

And I do further certify that the above resolution has not been in any way altered, amended or rescinded and is now in full force and effect.

the meeting refreshments were served in the dining room. The next meeting will be a picnic with a pot luck dinner.

Mr. and Mrs. Carl Webb and son Freddie of St. Petersburg, Fla. have been spending the past two weeks in the Fred Helmke home.

Mr. and Mrs. Robert Erdman are vacationing this week at a fishing resort in Minn.

Mr. and Mrs. Edward Sproat and daughter Bonnie returned Saturday from a motor trip through the Ozarks in Mo.

Mr. and Mrs. Fletcher Binion, Sr. returned Friday after spending several months at Englewood, Fla.

Jean Lauffer was a guest last Thursday of Joan Stellwagen.

Mrs. John Hasibar underwent minor surgery in St. Joseph's hospital, Saturday.

Mr. and Mrs. Elmer Tollerud and daughters of Crete were entertained Saturday evening in the home of Mr. and Mrs. Clayton Cleveland.

Mr. and Mrs. Robert Sproat entertained at a buffet supper Sunday evening. Guests were Mr. and Mrs. George Feidler and son Gregory of Blue Island; Mrs. Vera Marr of Oak Lawn; Mr. and Mrs. Durward Killinger and children, Scott and Susan Dell of Joliet.

Mrs. John Purdy and daughter of Dowagiac, Mich., were guests Tuesday in the Frank Liszt home.

The BYF will have an outing Sunday, June 30 at Starved Rock State Park. The group will leave the Marley church immediately following morning services. Each person is to take a bag lunch to eat enroute and a pot luck picnic supper will be had at the park. Mrs. Ray Hamer may be contacted for details. Anyone interested is welcome to go.

Mr. and Mrs. Charles Sass and daughter Debbie motored to Burlington, Wis., Saturday. Their son Larry, who had been spending the past two weeks there at the YMCA camp at MacLean, returned home with them.

HOMER

Lockport, R. 1
Telephone Lockport 887W

Miss Phyllis Purdy and nephew, Ronnie, have returned from a two week vacation in northern Minnesota where they accompanied Mr. and Mrs. Leroy Purdy of Joliet on a fishing trip.

Mrs. John Hasibar is a medical patient in Silver Cross hospital. Mrs. Owen Storm, who has been critically ill in Silver Cross hospital as an aftermath of injuries received in an auto accident a few weeks ago, is slowly improving. Mr. Storm is also gaining as fast as can be expected.

Ralph Benck has arrived home from Nebraska university to spend the summer with his parents, Mr. and Mrs. Herman Benck.

Mrs. Amos Conrad and children of Chicago are guests in the George Burcham home.

Mr. and Mrs. Jake Hoogstra of New Lenox are building a new home on land purchased from Randall Storm, just east of the Storm home on Hadley road.

Mrs. Bernice Zolecki is a member of the petit jury now in session in Joliet.

Mrs. Wrey White is spending a few days at the family's summer camp in northern Mich.

Word comes from Huntley telling of an interesting six weeks' vacation to be taken by the Arthur Talberts this summer. Mrs. Talbert and the children are flying to California to visit the grandparents on both sides of the house, while the Rev. Mr. Talbert is on an extensive trip in this country and the near East.

Ida Dabrohua Dies

Funeral services for Mrs. Ida Dabrohua of Washington, D. C., were held Friday afternoon at the Goodale funeral home, Lockport, with burial in Brooks cemetery, Homer township. The Rev. George Martin of New Lenox was the officiating clergyman.

Mrs. Dabrohua was known here when she many times visited in the home of her aunt and uncle, the late Mr. and Mrs. Acker Ruland. She died June 18 at her home following a lingering illness.

She is survived by a daughter,

er, Mrs. Pearl Putney of Washington, D. C. and a son, Castro Dabrohua of Winnetka. Mrs. Erwin Lynk of New Lenox township, and Mrs. Edna Mergler of Homer are her cousins. Mrs. Mergler has been in the east helping to care for Mrs. Dabrohua for the past two weeks.

also an honorable mention for her roses at the recent New Lenox flower show.

Jane Vancil of Downers Grove is spending a few days with relatives here.

John Buck left Sunday for four weeks basic training at Great Lakes station.

Carrol Muchler of Mokena is spending a few weeks with her grandparents, Mr. and Mrs. Martin Jungles of 151st st.

The Pilgrim Fellowship met Sunday evening in the John Hollister home. Mr. and Mrs. Hollister will be sponsors for the group until a permanent pastor is secured to serve the community.

Helpful Advice on How to Beat Hot Weather

HOT WEATHER IS HERE and with it humidity. The combination doesn't make for comfort, but, fortunately, since you can do nothing about the weather, there are a few things that can be done to help you weather the discomfort, the Educational Committee of the Illinois State Medical Society observes in Health Talk.

What happens in hot weather? Actually your body temperature does not rise, provided you are free from disease or infection. Normally, your body temperature has been standardized at about 98.6 degrees Fahrenheit; there may be slight variations, either above or below, which still may be within normal range. When changing weather conditions cause the temperature to raise or fall, a little center in the brain, acting like a thermostat, turns loose the mechanisms that help the body maintain its normal temperature.

Heat is produced in the body by the burning of various food-stuffs. This process is called metabolism. The tissues use more oxygen during digestion, exercise and during exposure to cold than when the human body is resting under conditions of warmth.

The Skin Does It

In the automatic adjustment of the human body to outside changes of temperature, the evaporation of sweat from the body surface aids in reducing body heat. In cold weather blood flow diminishes through the skin, sweating is slight and protective clothing is required for comfort. Actually the sensation of heat or cold is not due to a change in the temperature of the body but to a change in the temperature of the skin.

If you perspire freely, you are more comfortable than those who do not, since heat is taken from the body as the perspiration evaporates. When the humidity is high, increasing the moisture in the air, there is less evaporation of perspiration, and consequently less heat leaves the body.

One way in aiding the evaporation is to wear light, loose and porous clothing. Since heat is also produced by foodstuffs, another hot weather hint is to cut down on the amount of food ingested, but not to the point where an improper intake produces fatigue. If your body is being inadequately nourished, the "tuckered out" feeling cannot be attributed to heat; you are just not getting enough fuel to keep your body machine functioning.

Watch Your Temper

Sleep is usually a problem in hot weather, but try to rest anyway. Even if sleep doesn't come readily, just lying down in a supine position eases the strain of muscular function.

Cleanliness is always a necessity, but particular attention should be given to it in hot weather. With the sweat glands increasing their activity, there is a greater tendency to harbor unpleasant body odors. Frequent baths, or even sponge baths, will eliminate these as well as give you a pleasant feeling of freshness.

And watch your disposition. Remember that an outburst of temper can cause your body per flare-up produces a heat temperature to rise. And a timing, not only in yourself but that frequently is slow in cool-in those about you.

Stop complaining about the hot weather — remember it's here at last, after months of your complaining about the cold.

GIANT DOME

The world's largest timber-framed dome has been completed at the Montana State University at Bozeman. The dome spans 300 feet and is built of huge man-made wooden arches glued together from two inch board of Douglas fir. It has not one post to mar the view of 15,000 spectators.

Continue Alsip Recount Case

(CNS) -Hearing and recount in the contested Alsip election has been extended to July 2 because a judge's meeting prohibited the superior court hearing last week.

Also, in county court, Raymond Termunde, village clerk, and Thomas Robinson, police magistrate, have asked charges made against them by their defeated opponents be dismissed because they are "vague and indefinite, argumentative, and are stated in an argumentative, involved and conflicting manner and cannot be pleaded to and/or answered in an intelligent and concise manner as required by law."

Vincent R. Ewald, 4071 West 115th place, Alsip, has contested the municipal election on April 16 when he was defeated by re-elected village president John J. Alsterda by seven votes.

Ewald alleges some votes cast for him were improperly marked as spoiled ballots, that other votes for him were counted for Alsterda, that several improperly registered voters were allowed to vote, and that unauthorized persons were allowed in one of the two polling places.

Attorney Patrick Barton, representing Ewald, said from all indications the hearing and the recount will be conducted by Superior Judge Donald S. McKinley on July 2.

Explains About Wheat Allotments

Farmers on land on which no wheat was seeded for grain for any of the years 1955, 1956 and 1957, may apply for a 1958 wheat acreage allotment according to Roy Smith, chairman of the Will county agricultural stabilization and conservation committee. To be considered for an allotment on a farm which had no wheat seeded for grain for any of those years, the farmer must apply in writing to his county ASC committee by July 1.

Ludwig Mies van der Rohe, one of the world's great modern architects, is director of the architecture department of Illinois Institute of Technology, Chicago.

Have Good Time -- Not Tragedy On Your Vacation

Going on vacation?

Vacationers can make merry their two weeks off—or they can make mishaps. "Have a good time", the National Safety Council urges, but plan safety into your vacation by following these rules:

1. Check your car's brakes, lights, and other mechanical features, and start your vacation on the right foot, which is a light foot on the gas pedal.
2. Slow down in bad weather, on bad roads, in heavy traffic or if visibility is poor.
3. Don't swim alone, too far, or after dark. Know the water's depth.
4. Rest after eating. Take sun bathing a little at a time, better pale than parboiled.
5. Watch out for fish hooks.
6. Select boats carefully. Observe standard boat safety rules, no standing, overloading or horseplay. Stay with your boat if it overturns.

Some items vacationers often

Ten members of the New Lenox Cardinal 4-H club held their regular meeting, at Highland park June 20, where they enjoyed a cook-out at 6:30 p.m. Following the meeting, the girls went to the home of Donna McCullen for a swimming party in their pool. Nine members of the Cardinals with their leader, Mrs. James McCure attended 4-H day camp at Nowell park June 19. Swimming, games, music and craft work was the program of the day.

The Red Cross advanced first aid class was started Monday night June 24 at 7:30 in the Haven school. The course will run for four weeks, with three hour sessions. Mrs. Stanley Ekedahl is the instructor.

Mr. and Mrs. Stanley Ekedahl and daughter, Leslie have returned from Austin Texas where they spent a few days with their son, A 2-c and Mrs. Gordon Ekedahl. He is stationed there with the strategic air command.

The New Lenox Dramatic club will meet Friday night at 8 p.m. in the Methodist church basement. New officers will assume their duties at this meeting. They are, Mrs. Lucille Torg, president; Lewis Loebe, vice president; Mrs. Marion Kerr, secretary; and Stewart Morrison, treasurer. Two one-act plays will be presented, all welcome. Anyone interested in members and non members are having fun are invited to attend.

The Holy Name society of St. Jude's Catholic church will meet Tuesday night, July 9 in the parish hall.

The monthly village board meeting will take place Wednesday, July 3 at the fire station on Church street.

Members of the Afternoon circle of the Methodist church will meet Wednesday afternoon, July 3 for an outdoor meeting on the lawn at the home of Mrs. John Francis on Haven avenue. Hostesses will be Mrs. Glenn Batson and Mrs. Roy Dowle.

Club Meets in Lockport

Members of the New Lenox Woman's club met June 18 at the home of Mrs. Will Drake in Lockport.

Newly elected officers took over their duties at this meeting. They are: President, Mrs. Edward Morris; vice president, Mrs. Donald Anderson; secretary-treasurer, Mrs. Roy Dowle.

After the meeting, the guests enjoyed a tour of the Drakes beautiful rose garden. The next meeting of the group will be in September.

Bluebird 4-H Club

Fourteen members and one guest attended the meeting of the Bluebird 4-H club at the Lions Den Friday night. Mrs. Gus Termunde and Mrs. Ted Zusag had charge of the meeting in the absence of the leader Mrs. Ivan Archibald.

The following demonstrations were given, setting a table and making various salads, Mary Ann Sampson; how to care for a burn and putting on a tourniquet, Kathy Anderson and Susan McCollum; making of beverages, Carol Hammond; making a white cake, Susan Webb, and Betty

Dowle; making peach salad, Judy Termunde. After the demonstrations, Betty Dowle entertained with piano selections.

The next meeting will be held Wednesday, June 26 at one o'clock in the Lions Den.

The New Lenox Garden club will meet Thursday, July 11 instead of July 4, their regular meeting date.

The VFW Post 9545 will meet Thursday night, July 11 instead of their regular meeting date which falls on July 4, at the fire station. Members have been working on their new park-site, west of town, leveling the ground, filling in the low spots, killing weeds, and placing picnic benches about the grounds. The benches were made the past month by the Vets, from materials purchased thru donations given by the business men. Game night held thru the summer months will be started this Friday night at the Bruns parking lot.

Mr. and Mrs. Louis Hoffman entertained the members of their pinocle club in their home Saturday night. Mr. and Mrs. Ed Seivert will entertain the group next.

Members of the Homemakers met June 20 at the home of Mrs. Manuel Camden, and surprised her with a party in place of the usual meeting. A social afternoon was enjoyed with games and prizes. Mrs. Camden was presented a gift from the group, and many beautiful cards. The next meeting will be a pot luck dinner at 12 o'clock on July 18 at the home of Mrs. Phillip Koeller.

Summer rehearsals for the New Lenox grade school bands, both the B. B. and the A Bands started Tuesday. The band will hold rehearsal every Tuesday and Friday thru out the summer at the Haven school gym. The B. B. band at 9 a.m., and the A band at 10:15 a.m.

Mrs. Jake Koller who has been vacationing since May 1, spent several weeks in Tulsa, Okla., with her son, Mr. and Mrs. Don Koller and family. She is now visiting in Kansas City, Kan., with Mr. and Mrs. Ray Baldock.

Mrs. Freida Schroeder is

spending two weeks in Gary, Ind., with friends and relatives.

Mrs. Della Hussey, Math teacher at Lincoln-Way high school, is attending a 6 weeks course at the summer institute of Math teachers, in Boulder, Colo. Her daughter, Miss Donna Hussey is spending the six weeks at the Akita Geneva Glen camp at Indian Hills, Colo. Miss Clara Chapman is spending two weeks at the same camp with Donna.

Mrs. Ruby Mangun has returned from Silver Cross hospital where she was a surgical patient.

Members of the Royal Neighbors held their June meeting at the Lions Den, with dessert-coffee at 1 o'clock. Hostesses for the afternoon were Mrs. Lena Korner and Mrs. Mary Marshall. A business meeting followed with the annual memorial services. Bunco was played and prizes were awarded. They will hold their annual picnic at the den July 10 at 12:30.

Mrs. Edith Sayers and daughters, Barbara and Marilyn spent the week-end in Arkdale, Wis., where they attended the wedding of Miss Jean Hohenstein, formerly of New Lenox, and Robert Neufeld of Antigo, Wis.

Richard Carl Krog, son of Mrs. Anne Krog, received his bachelor of science degree at the 74th annual commencement exercises held June 15 on the campus of the Southern California university. Herbert Hoover, Jr., former under secretary of state delivered the commencement address.

Cook County to Aid Financing School Tunnel

(CNS) Cook county has agreed to pay \$37,000 toward the construction of a pedestrian tunnel under Riegel road linking Bloom township high school

with its athletic field and parking area.

Harry J. Lange, president of high school district 206 in Cook and Will counties, estimated it will cost \$100,000 to build the 270-foot long underpass.

Upon recommendation of William Mortimer, county highway superintendent, the county board voted the \$37,000 appropriation.

Mortimer pointed out that Riegel road divides the large school building area from the site of its Industrial Education building, athletic field, and parking area.

Will Eliminate Hazard

The tunnel will open on the east into the industrial education building and on the west into the school gymnasium.

Lange said the underpass would eliminate a potential traffic hazard.

He said the school expects an enrollment of 2,800 which would mean at least 3,600 individual crossings of Riegel road in the

THE NEWS-BULLETIN
Mokena, Illinois
Thu. June 27, 1957 Sec. 2 Pg. 5

course of a school day.

The road carries much traffic from shopping centers north and west of the school he said.

The school board will pay for the section of the tunnel on its property. Cost of the section under Riegel road will be underwritten by the county.

Thermonuclear power, the means by which the sun creates its energy, may be controlled in the future by means of magnetohydrodynamics, control of extremely hot gases by means of electromagnetic fields.

A fuel which, gallon for gallon, will multiply the range of jet planes and missiles is in development at Armour Research Foundation of Illinois Institute of Technology, Chicago.

Magazine Makes Prediction of Life in the Amazing Eighties

A report on America's "growing quarter century" — the next 25 years — is contained in the June issue of "Changing Times", the Kiplinger magazine. Population growth will push to 250 millions from the present 170 million. Science, technology, medicine, new business methods, new markets and new communities will produce a nation of a 100 million job holders, twice as many college students as now, 130 million automobiles and a four-day work week.

Here are some additional forecasts by the Changing Times editors:

Jobs—In 1992 machines may do much of your work but not your thinking. A new breed of workers will develop and those who can truly be masters of the machines will be the ones who move ahead.

White-collar workers will be far more numerous than blue-collar. People who run things—managers and proprietors—will almost double in number. Banks, stores, real-estate firms, insurance companies, utilities and government will all step up their hiring to a greater degree than manufacturing industry. Pay will almost double today's levels, in today's dollars.

Inflation—The 1982's dollar will be worth much less than today's. Inflationary pressures will be high government spending, rising wage levels and constant need for capital.

In coping with inflation, choose the industries with the greatest promise of growth when you invest. You won't get rich quick, but your dollars will grow as the industries do.

Travel—It will be an even smaller world in 1982. No country or city will be more than 24 hours away. Travelers will ride in supersonic jet planes at speeds two or three times that of sound. Cruising speed will be 1,500 miles per hour. Commuters will go in airplanes that rise straight up, then go straight forward.

Cars may have fuel-injection motors which do not need carburetors. They will have 25% more horsepower than today's cars, and may even be without transmissions. Parts may be sealed, so you may never need a grease job.

Some trains may be atom-powered and built to go at two miles per minute. Others will rocket along on monorails.

Housing—A new kind of house is on the way. It will blend into the outdoors and bring nature inside, and it may be round instead of square. Color will be everywhere, and if you get tired of the color of an interior wall, you will replace the wall with one of another shade.

Push button windows will close automatically if it rains. A wish of air will clean and dry the dishes in three minutes. Electrostatic dust gatherers will keep the house shiny. If it's a hot summer, you'll use a blanket that keeps you cool. Your newspaper will be as colorful as a slick magazine.

Some clothing will be made of paper products and dispos-

able after a couple of wearings. The refrigerator will have lost its importance, since most foods won't need refrigeration, but will be irradiated, chemically treated, or dehydrated.

Schools and colleges—For every student in public school and college today, there will be almost two students enrolled 25 years from now. The same ration will apply to teachers. As many as three college professors for every one today will be needed.

A great deal of teaching will be done by TV and films. Schools will be open 12 months a year. Courses will be speeded up and technical training will be a must.

What will all this cost? At least 50 billion dollars a year for all the colleges and schools in the nation. That's 35 billion more than today. Government money will provide most of the needed cash.

Electronics—One third of all power produced will have its source in the atom.

New plastics, paint, textiles, metals, medicines, building materials and chemicals will result from experimentation with atomic processes. Nuclear ships, planes and trains will be in use by 1982. Offices and apartments may be heated by a low-pressure atomic reactor.

A new science of the sun will emerge. Energy gathered from sun rays will be used to power homes and factories, drive ships, provide fuel for remote corners of the earth.

Other electronic miracles will be specially adjusted phones that will enable you to get your party when you dial only one numeral or letter; typewriters that respond to the spoken word and machines that translate from one language to another.

Business—The total output of proaching one trillion dollars a year by 1982. Retailers will be goods and services will be apthrive. Their biggest lines will be appliances and recreational equipment. The sea will be exploited for materials and farmed for food.

There won't be as many farmers, but they will grow and reap more and work shorter hours. New machines, fertilizers and chemicals will help. Over-all, farm production will increase by a third.

If all this sounds too fantastic, the editors point out that the last 25 years have brought wonders you wouldn't have dreamed of in 1932. Among them, the splitting of the atom, commercial TV, regular transatlantic air service, discount houses, major league night baseball, Dacron, Acrilan, streptomycin, aureomycin, other wonder drugs, electronic calculators, jet airplanes, 100-acre shopping centers.

There are 172 standard metropolitan target areas in the continental United States. Cities in these areas are assumed by civil defense to be among the possible targets for nuclear attack because they contain major concentrations of population and industry.

Business and Finance

Maurice P. Angland

The shares of some of the leading railroads offer very generous returns on an investment in these common stocks at the present market price levels. These shares merit investigation on the part of investors.

The recently renewed attention to the rails evidences some confidence that rate relief to compensate for smaller traffic and higher costs, will soon be forthcoming. Hearings have been concluded in the case in which the roads seek rate increases to bring their rate of return on over all investment in plant and equipment to 6 per cent. Applications are for further increases of 17 per cent in the west, 15 percent in the east, and 10 per cent in the south, except notably in the case of the Southern Railway which has not seen fit to join in the applications. Management of one important eastern railroad has offered the opinion that a decision on these applications can be expected in August, but that the full amount of increases requested is not expected.

An estimate of 1957 earnings potentialities has been recently published by Standard & Poor investment service. This estimate is based, among other things on only a 5 per cent freight rate increase and also allows for a "cost of living" wage increase on Nov. 1, 1957 which will match the 3 cent per hour increase of May 1, 1957, and of course, the 7 cent per hour increase as of May 1, 1957 under the 1956 wage settlement contracts. The estimates are most favorable in some instances and certainly justify an interest in the stronger rail situations.

Below are a list of railroads whose earnings for 1957 will show an increase over 1956 figures, except for the Rock Island which is expected to show a small decrease in earnings. The dividends on all of the roads listed, are well protected by earnings which should insure continuity of the present generous returns.

	Approx. Mkt.	Yield %
Santa Fe	24	6.66
B&O	51	4.90
C&O	64	6.27
Rock Island	35	7.72
Chi. Gt. West.	37½	5.33
Den. & R. G. West.	44	5.63
Gt. Northern	43½	6.90
L. & N.	81	6.17
Nickel Plate	27½	7.30
Northern Pac.	48½	3.70
Seaboard	33½	7.48
Union Pac.	29½	6.03

FRANKFORT

Mrs. Katharine Heisner
Frankfort 5187

Mr. and Mrs. Fred Piepenbrink entertained at supper Sunday the following relatives: Mrs. Otto Tommerdahl of Henning, Minn., Mrs. Ed Anderson of Ferguson Falls, Minn., Mr. and Mrs. Joe Wemstrom and Nels Wemstrom of Janesville, Wis., and Mrs. Cora Nelson and son John of Beecher.

Miss Carol Larson and Miss Yvonne Piepenbrink entertained June 8 at a post nuptial bridal shower in the Larson home honoring Mrs. Donald Hunt of Lincolnwood. The room was decorated in pale pink and green. Mrs. Hunt was presented a pink carnation corsage. Games were played with awards going to Miss Marion Nelson, Mrs. Paul Kotsgaard and Miss Marilyn Cooper. Duplicate prizes were awarded to the bride.

Katharine Heisner spent several days last week with friends in Anderson, Ind.

Mr. and Mrs. Harry Miller motored to Springfield Saturday to visit his sister's husband, Ray Godbey who is a medical patient there in St. John's hospital.

The Senior MYF and their sponsors enjoyed an outing Sunday afternoon at the Sand Dunes in Ind. A picnic dinner enroute was enjoyed by the 18 members attending.

The Woman's Society of Christian Service met in the home of Mrs. Wendell Morrison Tuesday evening June 18. Mrs. Ray Robinson of Joliet presented the program "Poet of the Keyboard, Chopin." Mrs. Morrison opened the business meeting with all present repeating the pledge of the society. The Afternoon circle was granted approval to hold a Chop Suey supper in September and also to sell cards as one of their projects. The Evening circle announced they will hold a work night on July 16 to work on projects for the bazaar. Watch for more information on this date. The society is selling cook books and anyone desiring one may contact Mrs. Henry Heusner. There will be no general woman's society meetings in July or August. Mrs. Walter Carlson led devotions on the theme, "Music, Universal Art." Refreshments were served by Mrs. Ruth Urbano, Mrs. Pat Scholfield and Mrs. Beverly Fisher.

Mr. and Mrs. Lawrence Woodman were dinner guests Sunday of Mr. and Mrs. Ralph Schlapp at Oswego.

Miss Elizabeth Harvey of Ft. Lauderdale, Fla., arrived here Saturday by plane to spend the summer with her aunt and uncle Mr. and Mrs. Alex Mowatt and daughter on Center road.

Mr. and Mrs. Lester Erdman and son of Lockport visited with Mr. and Mrs. Lester Heisner Sunday evening.

A lawn party with supper, was given last Thursday evening at the Walter Pfaff home in honor of his birthday. Guests were Mr. and Mrs. Ralph Nieland and daughters, Mr. and Mrs. Kenneth Heusing, Miss Janet Folkers and Herbert Folkers Jr.

Mr. and Mrs. Homer Smith, Raymond Smith and children, Mr. and Mrs. Arthur Marti, Mr. and Mrs. Franklin Christiansen and Roger and the Oran Deist family attended the 10th wedding anniversary of Mr. and Mrs. Arthur Benson of Mokena Sunday evening. The event was held in the north section of Van Horn woods beginning with a 4 o'clock potluck dinner. Later various games were played. The couple was given a purse from the group.

Novene Foster entertained 15 friends at a Sloppy Joe party in the home of her parents Mr. and Mrs. N. L. Butch Foster Saturday evening. A weiner roast was enjoyed at 5 o'clock. Games were played including a scavenger hunt. Mr. and Mrs. Stanley Warning were co-hostesses.

Al Hochberger, cashier of the Frankfort State bank, was heard by many local residents last week on Radio Station WJOL when he was interviewed by Andy Wickline the County Farm Advisor. The program pertained to the dairy industry in the Frankfort area in observance of June Dairy Month.

Mrs. Lilly Herschbach and Mr. and Mrs. Lawrence Woodman were dinner guests Saturday evening.

ing of Mr. and Mrs. Robert Herschbach in their home in Joliet.

Among those from here who attended the housewarming for Mr. and Mrs. Robert Erdman at Marley Saturday evening were the Edward Tewes, Harold Schifflers, Lester Heisners, Calvin Heaths Jr., Calvin Heaths Sr., Sadie Erdman, Amanda Mark and Mrs. Emma Gierke.

Mr. and Mrs. Don Stephens attended the wedding of Miss Marilynne Kaiser of Coal City, and Jack Bueschel of Mokena, Saturday afternoon in the First Methodist church in Coal City.

Mr. and Mrs. George Zwolinski and their two daughters of Chicago have purchased the home of Chester Pfaff, at 99 White st. They will move here July 1.

Mr. and Mrs. William Fouser and son of New Lenox dined with Mr. and Mrs. Lawrence Woodman in their home last Friday evening.

Saturday evening a group of 36 guests honored Mr. and Mrs. Glenn Ferrell at a housewarming in their new home. A social evening was spent with refreshments served later in the evening. A purse was presented by the group to the honored couple.

Mr. and Mrs. Walter Mark entertained at a family gathering and steak fry Monday evening at their home. The event celebrated the 9th birthday of their son Richard. Those attending were Mr. and Mrs. Conrad Mark Sr., Mr. and Mrs. Donald Schroeder, Mrs. Dorothy Nunes and Mr. and Mrs. Conrad Mark Jr. and daughters of Manhattan.

Keith Schram who celebrated his 9th birthday last Tuesday, was the honored guest at a hamburger fry at noon for 15 of his friends and classmates, who helped him celebrate the day. Individual favors were presented to each guest by his mother Mrs. Burnett Schram. Various games were played. Keith received many nice gifts.

Al Hochberger, cashier of the Frankfort State bank, was a guest of the Southern Cook County Bankers meeting last Wednesday evening.

Weekend guests in the Rev. Erich Bizer home were their sons and families, the Rev. and Mrs. Raymond Bizer, Johnny and Donny of Geneva, Pa., the Rev. and Mrs. Arnold Bizer and Douglas of Arthur, Ill., and Robert Bizer of Sycamore.

The Rev. and Mrs. Ralph Miller of Rockford were house guests of the Rev. and Mrs. Ben F. Day this past week commut-

ing back and forth with the Days while attending the Rock River conference in Chicago.

Mrs. Henry Landau, delegate of the Frankfort Methodist church, attended the Rock River conference in Chicago last week.

Debbie Day spent last week with her aunt and uncle, Mr. and Mrs. Melvin Day at Morris. This week she will be with her grand parents, Mr. and Mrs. Gordon Telfer at Morris while her mother, Mrs. Ben Day, Mrs. Wendell Morrison and Mrs. Frank Heisner attend the WSCS school of missions at Elmhurst college.

Mrs. Theresa Fleck and Mr. and Mrs. Frank Fleck and family were among the 29 relatives who gathered at a picnic outing Sunday on the Fox river west of Joliet. The occasion was in honor of the former's grandson Carl, son of Mr. and Mrs. Arthur Fleck of Joliet.

Miss Willa Schroeder returned Tuesday from Girl's state at Jacksonville.

The 4-H Honey Bees club met June 20 in the home of their leader, Mrs. Irving Rudman, with April Schweizer, presiding. For their next meeting June 27, today, the girls will have a picnic, providing all the members have their work completed. Each girl is to bring 25 cents and meet at the Rudman home at 1:30 p. m. There will be no talks. Hostesses will be Ruth Ellen Nice and Vivienne Eisenbrandt.

Warns Against Food Poisoning In Hot Weather

The refrigerator is the safest place to store custard and cream pies or cakes with cream filling if you must keep them more than four hours before serving.

Every summer such cakes and pies are responsible for food poisoning when they stand in a warm room for many hours, says O. L. Hogsett, extension safety specialist at the University of Illinois.

Dishes containing eggs, milk, meat, gelatin, poultry and fish all need to be kept cold for safety against spoilage. Soft protein foods, especially those that are handled in preparation, are subject to fast and dangerous spoilage in warm temperature. Cream-filled or custard-filled pastries, mild-cured ham and other pork products have caused frequent cases of food poisoning in summer.

The spoilage may cause illness even when the food shows no experience.

Social Security Meets Claims For Disability

More than one hundred thousand severely disabled people between 50 and 65 years of age all over the nation will receive their first social security disability insurance benefit checks in August, Harold Whiteside, district manager of the Joliet Social security office has announced.

But many other eligible disabled workers has so far failed to make application to their social security offices. Those who have been disabled for work for more than a year must apply before June 30, Mr. Whiteside pointed out, to freeze their records in order to protect their future rights to disability payments, and also his and his family's rights to old-age and survivor's insurance benefits.

Explain Rules

"Unfortunately there is a lot of misunderstanding," Whiteside said, "as to how disabled a worker has to be to get social security disability benefits or to have his record frozen. The rules in the social security law for deciding whether a person is 'disabled' are different from the rules in some other government and private disability programs."

First of all, a severely disabled worker must have worked at least five years under social security, and one and a half years must have been within the 3-year period just before the disability which makes him unable to "engage in any substantial gainful activity." It must be the kind of physical or mental condition which shows up in the medical evidence. And third, it must have lasted for at least six months and be expected to continue for a long and indefinite time.

June 30 Deadline

Mr. Whiteside said most individuals with serious disabilities are unable to work. There are cases, however, where a person has a severe disability is working his special knowledge and skills. He would not be entitled to benefits or the freeze because he would be able to engage in substantial gainful activity.

Because of the June 30 deadline, Mr. Whiteside urges all individuals who have been disabled for more than six months, and who have worked at least five years under the law, to contact a social security office. Those persons who have already inquired need not do so again even if they have heard nothing for sometime. The huge backlog of cases will take sometime to process and inquiries from people who have filed or made inquiry previously only slows the process, he said.

How To Stay Alive All Your Life

The man who started millions of Americans thinking positively—beloved, world-famous minister Norman Vincent Peale—has now carried his techniques for living to a new level, to help Americans act and live positively.

In the newly-published "Stay Alive All Your Life," his first completely new book in nearly five years, Dr. Peale uses his well-known technique of demonstrating, through actual case histories of everyday problems, the methods by which the reader can begin to live more fully each day's life.

The basic ingredient of Dr. Peale's philosophy is faith—faith in God and faith in oneself. Describing a pilot who flies "blind" by trusting to his instruments, Dr. Peale shows how the reader can similarly put his trust in God and in the deep instincts of his own nature. "Read the Bible, pray, and fill your life with love and goodness," he writes. "Have faith in the accuracy and dependability of your spiritual instruments."

Dr. Peale, whose books have been read by an estimated 20,000,000 people, demonstrates simply and lucidly how man can use this "magnificent power of belief" to move beyond the barriers of pain and fear—and failure—to true peace of mind and a life of renewed energy and good health. By believing, one can, in fact, "live forever."

"Stay Alive All Your Life" first poses a group of essential questions related to basic human

Author Norman Vincent Peale

problems, such as mental depressions, feelings of doubt, moodiness, quickness of temper. Dr. Peale then analyzes each problem and indicates the special chapter in the book where the problem is fully discussed.

This successor to Dr. Peale's record-breaking book, "The Power of Positive Thinking," does not of course promise all the answers. However, it does provide a simple and easily understood method by means of which the reader can ultimately find the answer for himself. Action is necessary to make philosophy work for the enrichment of man's life—and action based on faith will make man truly happy, and truly alive.

Common Sense Can Prevent Farm Mishaps

Common sense can prevent many having accidents. Operation of power machinery requires know-how and good judgment, says O. L. Hogsett, extension safety specialist at the University of Illinois college of agriculture.

With present widespread use of balers and field choppers, safe practices are a must. Available nation-wide statistics, according to the National Safety Council, indicate that the harvest of hay claims more lives than the harvest of any crop. Balers, field choppers and mowing machines are frequently involved.

If a few simple rules are followed, haying can be a lot safer. Always shut off the power before cleaning, oiling or adjusting any power-driven machine. Keep the power take-off and all other safety shields in place—they were put there for your protection.

Do not permit extra passengers on tractor or loaded hay wagons. Falls from wagons, si-

los, mows and stacks are far too frequent Hogsett says.

Handle your tractor with care particularly on public roads and in raking and mowing where higher operation speeds are used. Packing silage in trench silos with tractors has proved highly hazardous. Operators should be well qualified and aware of the danger.

Pitchforks and hay hooks must always be handled with care.

Hay safely. Don't contribute to the accident toll this year.

Reject Rezoning Plea for Apartments In Farm Area

(CNS) Hillcrest Property Owners association have won their fight against proposed apartment houses and stores on land zoned for farming consisting of five acres on the north side of McCarthy road about 300 feet west of Walker road in Lemont township.

The county board has rejected the rezoning plea of Thomas G. Kilarski, Triangle Inn, 123rd and Archer, Lemont, and William P. McLane, route 1, West 135th street, Lemont.

They said they planned to convert several farm buildings and a house into apartments but did not present specific plans for the apartments at a recent county zoning board hearing. The zoning body had recommended denial of the petition.

FARM NEWS

For
Cook County
by
W. F.
Whiteside

assistant farm adviser

The first annual Agronomy Day, University of Illinois, College of Agriculture, will be held June 27, starting at 10 a. m. at the Agronomy South Farm, at Urbana. I hope all farmers will take advantage of this opportunity to see crops and soils research in progress. Here are just a few of the things you will see and hear about: dwarf corn hybrids in Illinois; how varieties of soybeans are developed and tested; what lime is doing to yields of corn and other crops; band placement of seed and fertilizer in forage production.

Wheat growers will make the final decision regarding marketing quotas in a national referendum June 20th. At least two thirds of those who vote must favor quotas if they are to be in operation for the 1958 crop. If quotas are approved, farmers in commercial wheat states with more than 15 acres of wheat will be subject to quotas. Excess wheat will be subject to quota penalties. Price support will be at a national average of \$1.78 per bushel. If quotas are not approved, there will be no quotas or quota penalties. Acreage allotments will remain in effect. Price support will be at 50 percent of parity for producers who comply with their farm wheat allotments.

The ester form of 2-4-D is especially dangerous to use near vegetables because it vaporizes for several days after application and can drift for several miles. The sodium and amine salt forms of 2-4-D can safely be used near susceptible crops if the wind is not blowing in the direction of the crops at the time of application. Use judgment in applying 2-4-D.

Corn borer activity should reach its peak in this area in two to three weeks. At that time carefully examine your most advanced corn fields for egg masses and to determine the need for an application of an insecticide. With wide differences in corn planting dates in this county, it is possible that corn borer egg laying would be concentrated in the most advanced fields. If so, treatment will benefit not only the individual farmer, but possibly the entire community. This may be the opportunity to further drastically reduce corn borer numbers.

Do not forget to take some time to examine the cost variety plots, the soybean variety plots and the weed control demonstrations. These demonstrations have been set up for the benefit of all farmers in the county. If you have questions regarding these demonstrations, stop in at my office.

out of doors, and an outside barbecue fire place can make a contribution that is both useful and ornamental. It usually does not need a high chimney. A simple U-shaped design oriental to the prevailing wind will do very well and is cheapest to build. Concrete blocks, brick or stone can be used, with a lining, such as fire brick, that will resist heat damage. Cast-iron grates that can be removed are durable and convenient to use.

The appearance of this column in the paper will be interrupted briefly while I am attending a summer training school for extension workers at Cornell University, Ithaca, New York. I will be visiting with you again when I return.

Takes to Air to Hunt Down Tax Dodgers

(CNS)—An aerial survey to find tax dodging property owners has added 1,856 buildings to the rolls since the program began about two years ago, says County Assessor Frank Keenan. Local governments stand to collect an estimated \$1,445,000 in additional taxes, because of this Keenan said.

Some of the buildings found were constructed more than ten years ago and for some reason never reported.

Aerial photographs of all sub-

urban townships have been made and work is proceeding in comparing the pictures with records in the assessor's office. An investigation is sent to the scene when a building not on records shows up on a picture.

Theodore Heintz, supervisor of the aerial survey project, says this work has been completed for only five suburban townships. They are: Lyons, with 650 formerly not on tax rolls; Orland, 282; Proviso, 243; Hanover, 97, and Berwyn, 61.

The aerial survey staff is working on Niles, Worth, Northfield, and Bloom townships. So far 150 buildings have been added to the tax rolls in Niles; 234 in Worth; 123 in Bloom and 7 in Northfield.

Keenan valued at \$11,669,363 improved property placed on the rolls thru the aerial survey. These mostly were residence and garages although cases of stores and commercial property escaping taxation were discovered.

Gas Company Employees Share In Cash Awards

Thirty Northern Illinois Gas Co. employees shared in awards totaling \$1,500 in the utility's recent employees' prize paper

contest. Announcement of top winners was made by Marvin Chandler, president of the Company, at the utility's annual meeting of stockholders in Aurora last week.

Daniel Mathews, Bradley, won the \$500 top award for his paper "3043 Anywhere?", which described his truck No. 3043 as his home and other members of the crew as his immediate 'family'. He extended the family relationship through the other employees of the company to the "more distant relatives" in other parts of the gas industry.

Bruce Gilbert, Wheaton, won the \$250 second award for his paper "The Northern Illinois Gas Company Takes a Deep Look At Its Propane Storage Problem Through Green Tinted

THE NEWS-BULLETIN
Mokena, Illinois
Thu. June 27, 1957 Sec. 2 Pg. 9

Glasses." Third prize of \$100 went to Frank Sheridan, Evanston, for his paper "New Gas And Sales Load With Gas Incineration."

In addition to the top three twelve \$25 awards, and ten \$10 there were also five \$50 awards, honorable mention awards. Included in this list are George Long, Blue Island and Russell A. Sault, South Holland.

The Secretary of Labor would be last to succeed to the Presidency in case of the death of the President, Vice President and other Cabinet officers.

Evenings till 9 p.m.

Read Psalm 100.
Rejoice in the Lord alway:
and again I say, Rejoice. (Philippians 4:4.)
Mother, if I had that doll,"
a little girl once exclaimed
"I'd be the happiest girl in all
the world!"
On receiving it, she was very
happy; but after a few days it
was laid aside.

A universal wish of all people
is for happiness. Yet, like the
little girl, they find that material
possessions do not give en-
during happiness. Real happi-
ness is more than earthly pos-
sessions and accomplishments.
This century has witnessed our
greatest scientific and material
advancements. However, the
mental hospital admissions are
the highest in history because
of so many broken unhappy
persons.

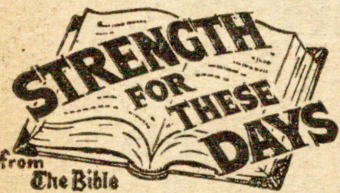

True happiness has as its bas-
is a living faith in God. Such
living faith expresses itself
daily by an unswerving purpose
to serve Christ's cause and to
do the work He would have us
do.

There is wisdom in Paul's
words of encouragement, "Re-
joice in the Lord alway; and
again I say, Rejoice."

PRAYER
We thank Thee, Lord, for all
material blessings that Thou
hast given us. But teach us,
our Father, that true happiness
can come only from an enduring
faith in Thee, proper use of
our blessings, and daily work in
Thy service. Help us to practice
this wisdom, in the Master's
name. Amen.

THOUGHT FOR THE DAY
"Serve the Lord with glad-
ness."

Robert E. Van Demark
Physician (South Dakota)

So that we may boldly say,
The Lord is my helper, and I
will not fear what man shall
do to me.—(Hebrews 13, 6.)

It is with such wonderful
confidence, such calm and
courage, that we can face
every trouble, every trial and
tribulation, when we know
God is with and within us—
when our love and trust is
wholly in Him and His good.

EDDIE the EDUCATOR

CHRISTIAN SCIENCE CHURCHES

How spiritual understanding
of the inspired Word of the
Bible brings hope and healing
will be set forth at Christian
Science services Sunday, June 30.

Scriptural reading in the Les-
son-Sermon on Christian Sci-
ence" will include the following
from Romans (15:4): "For what-
soever things were written afore
time were written for our learn-
ing, that we through patience
and comfort of the scriptures
might have hope."

Correlative passages to be
read from "Science and Health
with Key to Scriptures" by
Mary Baker Eddy include the
following (547:23-25,31-32): "The
Scriptures are very sacred. Our
aim must be to have them un-
derstood spiritually, for only by
this understanding can truth be
gained. It is the spiritual per-
humanity out of disease and
death and inspires faith."

This man can give you
dependable
delivery of

Install Officers

The St. Michael's guild held its annual installation of officers in the church basement last Thursday. They were Mrs. James Cahill and Mrs. Charles Dowling, re-elected president and treasurer, Mrs. Joseph Jakich, vice president, and Mrs. Matthew McBride, secretary. The Rev. Frank Coyle presented a compact and jeweled wallets to the outgoing officers. Refreshments were served by Mrs. Bernard Kieran, Mrs. Russel Loomis and Mrs. John J. Healy.

Members were reminded that Sunday, June 30 will be a day full of activity which will begin with their Communion mass at 8 a.m. Open house at the newly enlarged rectory and the annual country fair will occupy the balance of the day.

Mrs. Karl Ekberg attended funeral services June 19 of her sister in law, Mrs. Hannah Nordquist. Mrs. Nordquist born in Sweden, was 85 years old last April and had resided at the Swedish Covenant home on California and Foster aves. in Chicago the past 8 years. She was buried in Oak Hills cemetery.

Mrs. Sadie Glahn of Stapleton, Neb., while visiting her son Royal and wife, in Hinsdale, suffered a heart attack. She was taken to the Hinsdale hospital and placed in an oxygen tent. At last reports, she is a little better. Mrs. Glahn formerly resided in Orland, above the old Orland State bank, on Beacon st., as manager of Illinois Bell Telephone Co. office.

The Orland Park Firemen's Auxiliary will dispense with their July and August meetings and will renew their activity in September.

The Explorers of troop 251 will leave Saturday, June 29 at 5 a.m. for a weekend campout at Indiana Dunes State park.

The Fathers beat the Explorers in a ball game at Orland school, Sunday, June 23. Score was 10 to 6. George Flondor Sr. pitched for the fathers, Kenneth Uthe for the Explorers.

The annual picnic of the Orland Hills community will be held July 20 at the picnic grounds Elm st. and 136th. It will be in the form of a basket picnic, each family bringing their own lunch. However, hot dogs will be available, proceeds of which will go into the building fund. There will be free pop for kiddies. On the community picnic committee are, Gene Kanost, John Grahovec, Dorothy Whiteford, William Clark, Leo Szufnarowski, and Frank Macander.

Mr. and Mrs. Harry Heiting, and Mr. and Mrs. Richard Ahlrep and daughter were Sunday dinner guests of Mr. and Mrs. John Ivers in Chicago. Mrs. Ivers is a sister to Mrs. Heiting. Their brothers John, William and Joseph McLaughlin all of Chicago were also guests.

Mr. and Mrs. Wendell Doctor who were residents of Mokena since their marriage, have moved to Orland and reside with his mother Mrs. Ray Doctor.

Christ Lutheran church of Orland is conducting another week of Daily Vacation Bible school.

The Orland Cloverettes 4H club met at the home of Mrs. Gordon Bendix in Laguna Woods, June 17 for a "frypan party" as the electric activity program. Pancakes, served with blueberry filling, brownies and pop corn were made.

Claudette Bettenhausen gave a demonstration on the use of the electric roaster for baking, by baking cookies. Several talks were given on First Aid project.

BIG WOODPILE

Oregon's 1000 sawmills last year manufactured 8.9 billion feet of high grade lumber, or enough to build 890,000 five-room modern homes. Largest output was Douglas fir, the nation's leading structural lumber, which was shipped into every state of the union. Large quantities of west coast hemlock, western red cedar and ponderosa pine were also cut.

Most recent addition to the campus of Illinois Institute of Technology, Chicago, is an electrical engineering and physics research building for Armour Research Foundation.

LINCOLNWOOD

Dolores Anderson,
phone 3651 New Lenox

Mrs. Vernon Newsome and children and Mrs. Minnie Vock spent Thursday in Bellwood with the Phillip Cote family.

Mr. and Mrs. Ralph Oldt spent Saturday in Indiana with her sister, Mr. and Mrs. Robert H. Wentzel and sons.

Roy Peterson is recuperating in his home from surgery performed two weeks ago in Silver Cross hospital, Joliet.

Mrs. William Stoner and daughter Cheryl left today via United Air Lines for Los Angeles, Calif., where they will visit relatives for a week.

Mr. and Mrs. Robert Taylor and daughters returned Sunday from a weeks vacation spent in St. Louis, Mo., with friends. Enroute home they visited with his father, G. A. Taylor at Beardstown.

Mrs. Virginia Leonhart attended a ballet recital at the 8th Street theatre in Chicago Sunday afternoon.

Cub Scout Pack 41 held their monthly meeting Tuesday night with an outdoor supper and meeting at 6:30 in Van Horn woods. Games were played after the meeting. Eddie Meyer was awarded his Silver Lion arrow. It was announced that Mrs. Pokorny would take over the Den Mother duties of the Pack starting the first week in July for the next year. Mrs. Leonard Konkel has been Den mother for the past year.

Pack 41 Cubs with their families enjoyed last Wednesday at the Boy Scout reservation in Morris, where they participated in all activities: swimming, archery, boating, scout craft, the rifle range, and also enjoyed a nature hike.

Mr. and Mrs. Al Kalmar have returned from a vacation in the east. They spent several days with her mother Mrs. Susan Crone at York, Pa., and with her brother and family in Fullerton, Md., and with her sister and family in Silver Run, Md. They enjoyed a fishing trip on the Susquehanna river before returning home.

MARLEY

Mrs. Virginia Sasse
New Lenox 3133

Seaman 1-c Leroy Kopman is home with his parents, Mr. and Mrs. Walter Kopman on a 21 day leave from San Diego, Calif., where he is serving with the navy.

The St. Johns Evan. church at North Peotone has a change in time for the summer months, Sunday school will start at 9 a.m. and worship service at 10 a.m.

Mr. and Mrs. Donald Wilke were pleasantly surprised last Thursday evening, when their family gathered at Alvira's at Chicago Heights for a dinner. The event was their 20th wedding anniversary, those attending were Mr. and Mrs. Henry Bohnsack and Mr. and Mrs. Carl Toeppen of Monee; Mr. and Mrs. Reuben Schmidt and family, Mrs. Ida Wilke, and Miss Paula Christiansen, of Peotone; Mr. and Mrs. William Feiler and family, Hinsdale and Miss Lois Wilke and Chester Wilke.

Mr. and Mrs. Leslie Koenig and family and Mr. and Mrs. Clyde Reils and family spent Sunday afternoon at the Kankakee State Park.

Mr. and Mrs. Charles Heusner

of Peotone were dinner guests Sunday of Mr. and Mrs. Henry Smit.

Mr. and Mrs. William Rahm attended the 10th wedding anniversary of Mr. and Mrs. Arthur Benson at Mokena, which was held in the Van Horn woods Sunday evening.

Mrs. William H. Bettenhausen accompanied Mr. and Mrs. Frank Renchen of Manteno when they motored to Cedar Rapids, Ia., recently. They attended the graduation exercises at the Coe college where the Reuchen's daughter, Mrs. Marian Stodola, was a member of the graduating class receiving her bachelor of arts degree.

A program was given by the 50 students of the daily vacation Bible school during the Sunday morning worship service in the Methodist church. Later the handicraft was displayed in the church parlors.

The Family Life circle will have a work meeting at the home of Mrs. Edwin Dralle this afternoon, June 27, beginning at 1:30 pm. Mrs. Robert Davis, the new president, will preside at the business meeting. Devotions will be in charge of Mrs. Emery Bettenhausen.

A newly developed scientific device employs high frequency sound waves in disease detection. A beam of sound is bounced from the deep tissues of the body to a screen for interpretation by a specialist.

Cotton is the world's most versatile fiber. There are more than 250 kinds of cotton cloth and more than 1,000 different finishes for them.

Harvey Federal Savings Loans for 1957 Set Record

Loans made by Harvey Federal Savings and Loan Association in the first five months of 1957 have surpassed the all time high record set during the same period in 1956.

W. H. Hammer, vice president reported that 248 loans totalling

THE NEWS-BULLETIN
Mokena, Illinois
Thu. June 27, 1957 Sec. 2 Pg. 11

\$2,351,125 were made from January through the end of May this year.

During the same period last year, the Association made 207 loans totalling \$1,767,836.

The loans predominantly were small home loans made to new home purchasers.

Cal-Sag Canal--As Seen From The Air

WILL ADD TO GROWTH OF AREA—The Cal-Sag canal which links the Illinois waterway and Lake Calumet will move millions of dollars of goods and material in and out of the Chicago manufacturing area when its widening and deepening operations are completed.

The top picture shows the mouth of the Cal-Sag, where it flows into Lake Calumet, center of the harbor development that will serve the commerce coming up from the Gulf and that brought in from the Atlantic via the St. Lawrence seaway. Directly below is another view taken near the mouth. Lake Calumet is at the extreme top of the picture and at the far left is the Calumet express-

way. The second picture from the bottom shows a stretch of the canal near Blue Island. At the extreme right one sees the Blue Island locks on the Cal-Sag and south of that the Calumet river as it enters the canal.

The bottom picture was shot near 104th st., not far from the junction of the Cal-Sag and the Illinois waterway. It is here that work on widening the Cal-Sag was commenced and is still going forward. These pictures taken by Marvin Smith with the assistance of Pilot Edward Prosperi, airport operator at Tinley Park.
